

## GERMANS CAPTURE KOVNO

## 10 KILLED IN ZEPPELIN RAID NEAR LONDON

SALE OF 4 PER CENT CITY  
BONDS ON TUESDAY NEXT

Coupon Bonds Will Total \$71,000  
—New System Installed in the  
Assessors' Office

A sale of city of Lowell bonds will be held next week. The bids will close at 10 o'clock Tuesday forenoon. Last year the best rate the city could get, it appears, was five per cent. and because of the high rate of interest it was deemed best to make a one year loan and release it this year. The amounts were \$30,000 for the high school annex, a 20-year loan; \$15,000

for the purchase of land for the water department, a 30-year loan; \$20,000 sewer loan, 20 years and an \$8000 sidewalk loan for two years. The \$30,000 school loan has been reduced from \$30,000 to \$28,500 by taxation and a reduction of \$500 had been made in the water department loan, the \$500 coming out of the revenue of the department.

RUSSIAN FORTRESS FELL  
AFTER A FIERCE BATTLE

Kovno, the strong Russian fortress on the Niemen at which the armies of the Field Marshal von Hindenburg have been pounding heavily since the fall of Warsaw, has been captured by the Germans.

Berlin announced the taking of Kovno together with 400 cannon and quantities of war material. "In spite of the most tenacious resistance by the Russians," German troops took possession of the fortress last night.

Military observers are questioning if the Russians, with Kovno in German

hands will be able to hold the Brest-Litovsk line of defense in the general direction of which the Grand Duke Nicholas' armies have been falling back since Warsaw was taken. A Teutonic advance on Petrograd also is being discussed in Russia and England as a possibility.

British Gata in Dardanelles  
From the Dardanelles Gen. Sir Ian Hamilton reports an advance of 500 yards by the British left bank at Suvla on the Gallipoli peninsula.

## Italian Advances

Rome announces that Italian mountain troops in squads joined by ropes, crossed the high mountain passes and climbed and occupied Turckett Spits and Hinter Madatsch Spits, each about 10,500 feet high.

Italian advances are claimed in upper Refuz, in the Monte Nero section and in the Tolmino zone. In the last named section, according to the official

## ZEPPELINS ESCAPE AFTER RAID

LONDON, Aug. 18, 3.03 p. m.—The outskirts of London were raided last night by Zeppelins.

Ten persons were killed in the air raid and 36 injured. One Zeppelin is believed to have been hit. The air raid was over the eastern counties of England.

A Central News despatch from Amsterdam says four Zeppelins were sighted passing over the islands of

Vlieland and Wieringer, off The Netherlands coast. The dirigibles were sailing from the east in the direction of the English coast. The hour of their appearance is not stated.

The statement given out by the official press bureau said: "Zeppelins visited the eastern counties last night and dropped bombs. Anti-aircraft guns were in action and it is believed that one Zeppelin was

hit. "Air patrols were active, but owing to the difficult atmospheric conditions the Zeppelins were able to escape. "Some houses and other buildings including a church, were damaged. "The following casualties have been recorded:

"Killed—men, 7; women, 2; children, 1.  
"Injured—men, 15; women, 18; children, 3.  
"All the above were civilians."

## CHILDREN'S PICNIC HELD

About 3000 Attended the McManus Outing at Mountain Rock Today

The McManus picnic! "Hurrah for McManus!" "Three cheers for McManus!" "What's the matter with John McManus? He's all right!" These were some of the shouts heard above the din and babble of a thousand voices at Merrimack square, along the route to Mountain Rock and out at the grove where the boys and girls had the time of their lives in sports, games, bathing in the pond and running the gauntlet for repeating on the sandwiches and lemonade.

Hundreds of children, perhaps thousands, got up early and hurried to Merrimack square to be sure of a seat in the long train of cars leaving after 8.30 o'clock. It was a noisy, joyous, rollicking crowd that waited for the start on Paige street from before 8 o'clock until the cars started near 9.

Constable John McManus was the hero of the hour, as the man who conducts this outing annually with the assistance of merchants and individuals who contribute cars and money for the purpose.

The weather was ideal and the crowd of children was the largest yet, which is saying a great deal for Mr. McManus has conducted some very large picnics for children at Mountain Rock.

Twenty double-truck cars were used to convey the children to the grove this morning, and it is estimated that over 3000 children were in attendance during the day.

The start was made from Merrimack square at 8.45 o'clock under the supervision of Mr. McManus, Supt. Welch, Starter, Walter Hickey, Sgt. McCleughrey and several others. The cars were sent out at intervals, and it was fully half an hour before the last carload of children left the starting point. On the first car rode Mayor Murphy and members of the Essex County Training school band. The boys and girls before the start they rendered a very pleasing musical program in Paige street.

At the Grove

Upon the arrival of the cars at the

grove, the children disembarked under the supervision of Mr. McManus, Mayor Murphy and the police officers after which they scampered to all parts of the grounds. Mayor Murphy stayed only a few minutes and left for home to make arrangements for his vacation.

About 11 o'clock a baseball game was started between two teams representing the Essex County Training school and the Centralville A. C. The game developed a number of lively plays, and was greatly enjoyed by the children and others. In the sixth inning the Lawrence lads took very kindly to the offerings of the Centralville twirler and in the course of a few minutes they piled up a commanding lead. Before this inning the game was anybody's. The final score was 11 to 3 in favor of the Lawrence aggregation.

After the ball game swimming was indulged in by the majority of the youngsters, and they had a great time in the water. Officers Cullen and Connelley did efficient service in boats on the lake and none of the boys were allowed to go beyond their depth, although they tried the patience of the officers by attempting to do so on several occasions.

About this time the call for dinner was sounded and a wild rush was made for the commissary department, which was presided over by Officers Winn, Swanwick, Connelley, Kenney, Donovan, Abbott, Cullen, Mr. McManus and newspapermen. The spot selected for handling out the "eat" was a large enclosure near the entrance to the grove and this was roped off, so as to prevent crowding. Each child was given several ham sandwiches, a piece of pie, two doughnuts, coffee or milk, and a glass of lemonade, and there was plenty of everything. As is customary in affairs of this nature, quite a number of the boys and girls collected more than their allotted share and it was quite amusing to witness the way they went about it. The children were supposed to enter the enclosure at a certain open space guarded by Officer Connelley, and every one of them took this means of obtaining their lunch the first time. But after disposing of the first round they would come back to the side of the enclosure and under all kinds of excuses for not wanting to go through the entrance provided for them. One youngster told the writer that he didn't want anything for himself, but would like to get something for his father.

The brunt of the burden in feeding the children came upon the shoulders of Officer Connelley and he was buffeted around by the children as if he were but of their own size, and the long

whip he carried didn't terrorize them in the least. But the handing out of the edibles went off with more precision than in former years and Mr. McManus was highly pleased that every child was well taken care of.

After their rather tiresome task of handing out the food to so many children the officers, members of the Essex Training school band, newspapermen and invited guests repaired to a small building near the water edge where a special repast was tendered them by Mr. McManus.

About 2 o'clock the sporting events were started, and all the children gathered in the ball park to take part in or witness the various races which were carried out under the direction of Messrs. "Con" Desmond, John McCleure and John J. McManamin. Valuable prizes for the various events were donated by the following: Ice cream donated by 12 boys; 12 girls, Mr. McManus; 1 clock, 1 mesh bag, and 1 brooch pins, J. E. Lyle; 4 rings, William H. Haynes; girl's hat, Head & Shaw Millinery Co.; girl's hat, John Durban; 2 caps, Snyder's hat store; watch, Mr. Corbett; pendant, P. N. Brudette; pair of sneakers, Traveler Shoe Store; 2 pairs of cuff links, J. E. Flaherty; flashlight, John H. Collins; one dozen handkerchiefs, Glorified Co.

The following donated free cars for the occasion: E. F. Cox, Gervais & Co., A. T. Connor Co., Broadway A. C., assessors' office, John Jacob Rogers, Mayor Murphy, Bay State Street Railway Co., A. G. Pellard, Martin Conley, Larabee & Rawlinson, J. E. Donnelly, E. Brady, Anthony Walsh, Andrew Roach, McCarty Co., Talbot Clothing Co., Outlet Fruit Co., John McManus.

The following private individuals and concerns donated money to finance the affair: Friend Bros., \$10; J. L. Chaffoux Co., \$10; Turner Creamery, \$10; Harvard Brewery, \$10; P. Dempsey Co., \$10; Thomas Lennon, \$10; Glad Lee, \$10; Glorified Co., \$10; A. G. Stiles, \$10; Merrimack Clothing Co., \$10; Charles F. Keyes, \$5; Ideal Shoe Co., \$5; Sacred Heart church, \$5; Jim Conney, \$5; St. Peter's, \$5; St. Jean Baptiste church, \$5; St. Michael's, \$5; Merrimack hotel, \$5; Cook & Taylor, \$5; Franklin Wine Co., \$5; Pratt & Forrest, \$5; Simpson & Rowland, \$5; George M. Sullivan, \$5; T. Entwistle, \$5; D. T. Sullivan, \$5; Bartlett & Dow, \$5; Ben Marche, \$5; Fairburn's market, \$5; Fay Bros., \$5; Mitchell the Tailor, \$5; American Window Cleaning Co., \$5; J. P. Conley, \$5; Dr. McLean, \$5, and others.

## CREWS WERE SAVED

## NORWEGIAN STEAMERS RUMULUS AND MINERAL HAVE BEEN SUNK

LONDON, Aug. 18, 12.40 p. m.—The Norwegian steamers Rumulus and Mineral have been sunk. The crews were saved.

## BRITISH CRUISER AT VALPARAISO

VALPARAISO, Chile, Aug. 18.—The British cruiser Kent arrived here yesterday morning and requested of the naval authorities permission to enter the drydock at Talcahuano. The permission was granted subject to a report of naval surveyors.

## MANY LOST IN STORM

Nearly One Hundred Killed and Property Damage Estimated at Millions in Texas

DALLAS, Tex., Aug. 18.—Nearly a hundred lives were lost and millions of dollars worth of property destroyed in the West Indian hurricane that swept the Texas coast yesterday and the day before, according to information received today from the stricken districts which have been cut off from wire communication with the outside world. Up to noon no definite news concerning loss of life had been received from Galveston, which is believed to have been hardest hit.

## MORE VESSELS SUNK IMMIGRATION DISCUSSED

BRITISH STEAMER BONNY AND SPANISH STEAMER ISIDORO WENT DOWN

LONDON, Aug. 18, 3.35 p. m.—The British steamer Bonny of 2972 tons gross and the Spanish steamer Isidoro, 2044 tons gross, have been sunk. Twenty-one of the crew of the former vessel and eight of the latter were picked up.

The trawler George also was sunk. Her crew was saved.

## FRANK P. SHELDON DEAD

WAS ARCHITECT OF SEVERAL OF LARGEST MILLS IN NEW ENGLAND

PROVIDENCE, R. I., Aug. 18.—Frank P. Sheldon, architect of several of the largest mills throughout New England, died at his home here today in his 70th year. He was a direct descendant of the sister of Roger Williams.

## GANZEL WITH BROOKLYN FEDS.

NEW YORK, Aug. 18.—Official announcement was made today that John H. Ganzel had signed a contract with President R. B. Ward to manage the Brooklyn Federal League club. He will assume his duties with the team at Baltimore next Monday.

## NO DECISION ON PITCHER BENTON

BOSTON, Aug. 18.—Lack of a quorum prevented the National Baseball league reaching a decision today on the status of Pitcher Rube Benton, whose sale to the Pittsburgh team by the Cincinnati management was protested by the New York Giants on the ground that an unexpired option gave them a prior claim on the player. The matter will be considered at a meeting of the league to be held at New York on Friday.

If you want help at home or in your business, try The Sun "Want" column.

"JUST PENALTY FOR AN  
UNSPEAKABLE CRIME"

Mayor of Atlanta Defends Lynching of Frank—Warns Slaton to Keep Away—Investigation

SAN FRANCISCO, Aug. 18.—J. G. Woodward, mayor of Atlanta, Ga., in an address here last night declared that Leo M. Frank, who was lynched Monday night, suffered the "just penalty for an unspeakable crime." The Atlanta mayor at the same time warned former Gov. John M. Slaton, now in California, not to return to Georgia.

Mayor Woodward's address was made

at a banquet of the California State Assessors' association. Little or no applause greeted his remarks, although he was listened to with close attention. In the course of his speech, Mayor Woodward said: "I am going to take occasion tonight to tell of the events that have put Georgia on the map in a very untoward manner."

## AT HOOD FARM FOR ALLEGED HOLDUP

Swine Breeders Hold Field Day—Lecture by Dr. Edward A. Cahill

The Massachusetts Swine Breeders' association is holding its annual field day meeting at Hood farm, Tewksbury, today. The meeting attracted men from far and near as it was known that Mr. Dodge, manager of Hood farm, would exhibit Hood's great show herd of Berkshires, which leaves for the exposition at San Francisco on Monday next.

Dr. Edward A. Cahill of the bureau of animal industry, gave an address on the subject "Hog Cholera" followed by a demonstration of the simultaneous treatment of the disease. It is widely known that Dr. Cahill is doing splendid work in the state in the treatment of hog cholera and today's demonstration offered a splendid opportunity for the pig raisers to learn what is being done toward the eradication of the disease.

Besides Dr. Cahill's address there were several other addresses by practical swine raisers. Luncheon was served at the farm and a large number availed themselves of the opportunity to spend the day at the farm.

## COTTON AS CONTRABAND

PROCLAMATION IS EXPECTED TO BE ISSUED BY BOTH ENGLAND AND FRANCE

LONDON, Aug. 18, 4.22 p. m.—A proclamation declaring cotton to be contraband of war is expected to be issued tonight or tomorrow at the latest by both Great Britain and France.

## TWO MEN LYNCHED

THIRD WAS RESCUED FROM MOB BUT HE DIED AT HOSPITAL LATER

MONTGOMERY, Ala., Aug. 18.—"Kid" Jackson and Henry Russell, were lynched early today at Hope Mills, 19 miles from here. Another man, whose name has not been learned was rescued from the mob, but died at a hospital. The men were charged with poisoning mules on a plantation several months ago.

## LIST OF "DEAD BEATS"

DULUTH, Minn., Aug. 18.—The formation of a national "rogues' gallery" containing detailed information concerning "dead beats" is one of the aims of the Retail Creditmen's National association, which met in third annual convention today. The convention will continue through Friday.

## AUTOS IN COLLISION

A four passenger touring car, owned by a Mr. Goodhue, of Pawtucket, R. I., and a large auto truck, of the property of the C. P. Harvey Co., of Boston met in a head-on collision on Main street, between Folsom's farm and Livingston street, Tewksbury, this afternoon and four occupants of the touring car were injured.

## TOWN OF DRACUT NEWS

## MUCH INTEREST IN THE COMING FAIR—PREMIUM LIST OUT—ARRANGEMENTS COMPLETED

The committee in charge of the coming fair to be held in Dracut on Sept. 15-16 under the auspices of the Middlesex North Agricultural society has completed arrangements as far as the premiums are concerned and the list can be obtained at the postoffices in the various towns surrounding Lowell or direct from members of the committee.

B. A. Cluff is chairman of the general committee and the chairman of the sub-committees are as follows:

Sports, George B. Stevens; publicity, Thomas H. Varum; horses, Joseph P. Varum; poultry, Harry M. Fox; fruit, Chester E. Colburn; cooking, Mrs. Josephine M. Crosby; dinner, Albert A. Fox; flowers, Mrs. Sadie Colburn; preserves and pickles, Mrs. Addie E. Burnham; housework and fancy work, Mrs. Mayville Carpenter; children's exhibit, Lewis E. Mulveyne.

There will be no exhibit of cattle or swine this year owing to the quarantine regulations against the foot and mouth disease. Premiums amounting to \$10 are offered for the best horses, the classes including family team, driving, matched driving, saddle, farm horse and stallion. The sum of \$25 will be given in premiums for draft horses and \$30 for colts and ponies.

There will be prizes for apples, pears, peaches, plums, quinces, grapes and miscellaneous fruits. A special prize amounting to \$25 will be given for a display of fruit. Vegetable prizes amount to \$25, \$20 and \$15 for general displays. Prizes from 25 cents to \$1.50 will be given for the best white bread, brown bread, sponge cake, angel cake, sugar cake, doughnuts, apple pie, squash pie and mince pie. Prizes will also be given for pickles, canned fruits

and other eatables. The prizes for flowers will be \$10 and \$5 and \$10 and \$5. Prizes amounting to \$20 are being offered for household fancy work, while the prizes for truck farming will amount to \$100. An additional list of \$200 in prizes will be given in the children's department.

The regular meeting of the Dracut grange was held Monday evening at the hall in Dracut Centre with a large attendance. The coming fair was the topic of discussion and committees were appointed to work jointly with the members of the Middlesex North Agricultural society.

There were addresses by Dr. Emmanuel Pfeiffer, representative of the 13th Middlesex district, who spoke on milk legislation; John H. Comley, master of the Middlesex Central Pomona; it was announced a meeting of the fair committee will be held on Aug. 25.

## WILL NOT BE ON BALLOT

NAME OF WILLIAM SHAW WILL NOT APPEAR AS A PROGRESSIVE IN STATE PRIMARIES SEPT. 21

BOSTON, Aug. 17.—The name of William Shaw, prohibition candidate for governor, will not appear on the ballot of the progressive party as a candidate for the gubernatorial nomination of that party at the state primaries Sept. 21. At 5 o'clock yesterday afternoon the time expired for filing with the secretary of state the nomination papers of the candidates for the various nominations.

The law requires that a candidate for governor must secure 250 names from each of four counties in the state. Mr. Shaw's papers contained signatures as follows: Essex county, 297; Worcester county, 251; Middlesex county, 454; Norfolk county, 91; Plymouth county, 116; and Suffolk county, 247. In other words, if Mr. Shaw had had three more certified names on his Suffolk county papers there would have been question as to his candidacy for the progressive nomination for governor.

The slip-up, or whatever it may be called, is said to have been due to the fact that the election commissioners of Boston found one set of Mr. Shaw's papers faulty and refused to certify the names.

## INDUSTRIAL and STORE NEWS

The labor forward committee, which is composed of delegates from all local unions, met in session last night in Trades and Labor hall, Middle street, with President Frank Warnock in the chair. Interesting reports were made of the recent meetings of the different labor organizations and of the progress made by the labor forward movement. It was stated that bakers, laundry workers and drug clerks were now well organized and well advanced. Various matters were brought up for discussion and arrangements were started for a meeting of the French citizens about October 1. All arrangements have been completed for the committee's float in the Labor day parade and novel and striking features are planned. It was

## SLEEPYTIME TALES

## A TRUE MOUSE STORY

Once upon a time Myra came home with her mother from a two weeks' trip to the seashore. Before they went Myra's mother had put a very large fern in the bathroom and had drawn a little water for it to stand in so that it would not wilt while they were away. It had been very dusty in the train and Myra's mother told her that she had better take a bath and then she could put on her pretty white dress and would feel fresh and sweet when her father came home.

Please, mother, let me lift out the fern, said Myra. "I'll be very careful not to drop it," Her mother told her she could and Myra very carefully lifted the fern and put it on the washstand ready for her mother to carry out into the other room. How nice and cool the water felt to Myra, and she splashed around as she had done in the ocean and even tried to swim a little.

All at once Myra heard the leaves of the fern rustle and she looked up to see if the plant was solidly set on the washstand. Yes, there it was as steady as could be. Myra kept look-

## BURDETT COLLEGE

## Stories of Achievement—No. 3

ALICE H. GRADY, Burdett graduate (1891), has won distinction as confidential secretary to Louis D. Brandeis, Ex. Justice-philanthropist. Interested in all movements which make for the welfare of the wage-earner, she is a member of the Advisory Council of the American Society for Thrift. As the financial secretary of the Massachusetts Savings Insurance League, she has contributed very largely to the success of the Savings Bank Insurance system in Massachusetts. She is a member of the Burdett College Lecture Board, president of the Burdett College Alumni Association, vice-president of the Women's City Club of Boston, one of the organizers of the Business Women's Club of Boston, and one of the foremost public-spirited women of the City and the State.

## FALL TERM BEGINS TUESDAY, SEPT. 7

The Burdett College courses are: Business, Shorthand (Pitman, Gregg, and Chandler Departments), Combined, Secretarial, Applied Business and Management, Normal, Civil Service, and Finishing. New pupils admitted every Monday and advanced individually.

## A GOOD POSITION IS PROVIDED EVERY GRADUATE

Day or Night School Catalogue Free on Request. Visitors Welcome.  
18 BOYLSTON STREET, COR. WASHINGTON STREET, BOSTON, MASS.

announced that an open meeting of from moulders will be held on Friday evening of this week.

## Car Men

A meeting of Local 551, Street Railway Men, was held last evening in the Runnels building, of which a gist of routine business was transacted and a number of applications for membership were received. A committee from the labor forward committee was present to note the progress of the labor forward movement among the car men.

## Building Laborers

The Building Laborers' union, at their meeting last night in Trades and Labor hall, Middle street, elected John Kelly, past president of the organization, an aide to the chief marshal of the Labor day parade. It was also voted to turn out in uniform.

## Carpenters' Union

Carpenters' union, local 49, held its regular meeting in the union quarters in the Runnels building last night with a good attendance. Several applications for membership were received and acted upon and details for Labor day were completed. A large amount of routine business was also transacted.

## Boot and Shoe Workers

An open meeting of the Boot and Shoe Workers' union will be held this evening in Cotton Spinners' hall, Middle street, at 8 o'clock. Organizer Daniel E. Whelan will preside and Frank Warnock, president of the Trades and Labor council, and Charles E. Anderson, secretary of the same body, will be the principal speakers.

## ORPHANS GIVEN OUTING

## ENJOYABLE EVENT FOR 160 CHILDREN OF THE FRENCH ORPHANAGE

The children from the French American orphanage on Pawtucket street had a very enjoyable outing had a very enjoyable time at the Neponset grounds in Tewksbury yesterday. It was their sixth annual outing under the direction of the Sewing circle of St. Joseph's parish.

There were 160 boys and girls who, with members of the circle and other friends, filled two big cars. From the cars Miss Ella Legare conveyed some of the smaller tots to the grounds in her large auto. Dinner was served on the green and the boys enjoyed a baseball game under the direction of Rev. Fr. McGann, O. M. I.

A feature of the afternoon's program was folk dancing by the little girls, music being furnished by Rev. Joseph Davis, O. M. I., who proved an expert on the harmonica. Games of all descriptions were played and were greatly enjoyed.

The members of the sewing circle in charge were: Mrs. Charles Bolsovert, president; Mesdames Haimislas Valerand, Alphonsa Vallerand, Joseph Chouinard, Avila Lusier, Emeril Pelletier, Hubert Gagnon, Louise Legare, J. A. Robillard, Joseph Geoffroy, Magloire Groulx, George Bernhe, Olivia Desilets, Joseph Toupin, Joseph Ducharme, Edouard Chevalier and Miss Ella Legare.

Brothers Cornellier, Tourangeau, O. M. I., and several others from the novitiate including Rev. Fr. McGann, O. M. I., greatly helped in making the children at home and in securing them the best of comfort and enjoyment possible.

## LARGE CREDIT IN U. S.

Polish Expects America to Extend Credit to Take Advantage of Trade Opportunity

LONDON, Aug. 18.—Sir George Falsh editor of the London Statist gave to The Associated Press yesterday, a statement concerning the present abnormal rate of exchange and the proposals for rectifying the situation by establishing a large credit in the United States in which he said in the next six months to the Christmas the balance of export and imports in favor of the United States after making allowance for all outgoings, for interest and service, probably will be at least one thousand million dollars.

"The amount of exports from the United States in the current half year," said Sir George "depends upon the American people themselves. If they wish to sell their goods they will have no difficulty in doing so."

"Obviously it is quite impossible for Europe to buy upwards of two thousand million dollars worth of goods from the United States in a single year unless the American people are willing to do what the British people always have done—take payments for goods in securities. American exports will be limited in the current half year only by the ability of European and other nations to pay for goods."

First, by shipment of their own products to the United States; second, by shipment of gold, third, by sale of securities, and fourth by means of credits. If the American people are dubious about giving credit, then it is obvious the amount of goods they sell must be reduced to the amount foreign nations can pay for by other means."

Sir George expressed confidence that as the American people are desirous of extending their foreign trade and wish to make the United States a great international money market, they will, when they know what is needed, gladly provide all credit facilities necessary to enable European and other nations to buy their wheat, corn, cotton, fruits and many other products of agriculture and manufacture, not only to a normal extent but the abnormal and vast quantities essential at this time of the war.

"None," he said, "can question the present unparalleled opportunity for America to extend her trade and commerce, as well as to add to her reputation as a great money market and no one who knows the American people can doubt they will rise to the occasion and by granting necessary facilities sell a greater quantity of products than they ever expected to sell, in foreign markets and at the same time rectify the foreign exchange."

## REBUILDING OF BELGIUM

Assistant Architect of Cologne Has Been Chosen as Supervisor of the Work

BERLIN, Aug. 17, via London, Aug. 18, 2:45 a. m.—The assistant architect of the city of Cologne has been chosen as supervisor of the rebuilding of Belgium.

## AVIATOR KILLED BY FALL

ERIE, Penn., Aug. 18.—The 21-year-old son of an aviator on board the U. S. naval military ship Essex, of Toledo, was fatally injured yesterday when he fell 300 feet during a flight.

Great excitement was caused by the fall of this young man, who was on a flight of this sort, and hurried to a hospital where he died.

## FOUR FIREMEN INJURED

## FELL FROM LADDER DURING DRILL AT WINCHESTER—CAPT. AMBROSE SERIOUSLY INJURED

WINCHESTER, Aug. 18.—Four members of Hook and Ladder company 1 were injured, one of them seriously, when a 50-foot ladder, on which they were practicing at 7:45 last night against the walls of the Pierce school on Church street, collapsed, throwing them to the gravel walk of the school yard.

The injured, all of whom were taken to the Winchester hospital, are: Capt. Michael C. Ambrose, aged 37, married, of 25 Vine street, several ribs on right side broken and internal injuries feared.

Edward Fitzgerald, aged 37, married, 20 Winchester street, clerk of the company, left thumb crushed and left ankle sprained.

Albert Libby, aged 37, married, 11 Kendall street, a callman, broken left arm, cuts on head and arms.

Coleman Flaherty, aged 29, unmarried, 3 Oak street, sprained ankle and arm. Treated and sent home.

Capt. Ambrose was the most seriously injured of the four men. He fell more than 40 feet and landed heavily. He was unconscious when picked up. At the hospital there is some question as to whether the broken ribs have caused internal injuries, and it may take some time to determine the true extent of his injuries.

## LICENSE BOARD HEARING

CHARGE AGAINST JOHN T. DONEHUE & CO. BY MEMBERS OF THE BOARD—MINOR LICENSES

A regular meeting of the license commissioners was held last night in their quarters in the Market street building. Several minor licenses were acted upon and the case of John T. Donehue & Co., charged with selling intoxicating drinks to a man in an intoxicated condition was taken up.

John T. Donehue a member of the firm testified for the firm, while Thomas F. Boulger, a member of the license commission, testified for the commission. The alleged sale took place on Friday morning, Aug. 13. A plea of not guilty was entered by Mr. Donehue.

Mr. Boulger testified that on the morning of Aug. 13 he entered the Donehue establishment at about 11:30 o'clock and saw a man standing at the bar in an apparently intoxicated condition. The man was hardly able to stand erect and at times seemed about to fall to the floor. The other members of the license board also entered the place shortly after Mr. Boulger and the attention of

Chairman Mullaney was called to the condition of the man. Mr. Mullaney then called Mr. Donehue's attention to the matter.

Mr. Donehue testifying in his own behalf said he was not aware of the man's condition until spoken to by Chairman Mullaney. He stated he then informed his clerk not to sell any more liquor to the man. Mr. Donehue claimed he was preparing sandwiches for the noonday trade and had not noticed the customers at the bar. The board's verdict will be given at a later date.

## STRIKE AT PAWTUCKET

**MACHINISTS THREW DOWN THEIR TOOLS AND MARCHED OUT OF WORKS**

PAWTUCKET, R. I., Aug. 18.—At 9 o'clock this morning the committee appointed by the local branch of the International Machinists' union gave the signal to the employees of the Potter & Johnston Machine Co., and a large majority of them threw down their tools and marched out of the works. About two weeks ago the union men demanded a wage increase of 5 cents an hour, time and half for overtime and 48 hours a week. Vice President W. Wallace Potter said he could do nothing in the matter until the return of his father, James C. Potter, who is in France. The latter was expected home last week but has not been seen in Pawtucket. The committee gave the officials until this morning to grant their demands and when they failed to accede to them the strike was ordered. There are about 900 men employed at the plant. They are making automatic machines which are shipped to Havre, France, where they are used in making shells. Potter & Johnston say the machines they make are the same as they have made for years and the fact that

they are used for another purpose than originally designed is no concern of theirs. The deny having a contract with the French or any other government. The men marched in a body to their headquarters where Organizer Joseph H. Gilmore stated that practically all of the machinists had joined in the strike and that they had been reinforced by about 20 painters who came out in sympathy. He said the national organization had not sanctioned the strike, but that it would probably do so and then the married men would receive 48 and the single men \$5 a week for strike benefit. He intimated that it would be necessary for the Potter and Johnston plant to close. Vice President Potter would not give any information regarding the intentions of the concern.

## ALLIED TROOPS GAIN

**ADVANCE OF 500 YARDS ON THE GALLIOLI PENINSULA IS ANNOUNCED**

LONDON, Aug. 18, 11.38 a. m.—A further advance of 500 yards by the allied troops on Gallipoli peninsula is announced in a report from Gen. Sir Ian Hamilton, the British expeditionary commander-in-chief, given out here today. The statement follows: "Sir Ian Hamilton reports that in the southern zone the situation was unchanged during the 14th and 15th. The Turks kept up the usual artillery fire without much effect. "In the northern zone, the right flank of the Australian and New Zealand army corps position was heavily attacked during the night of the 14th-15th, but all attacks were repulsed. At Suvla the troops on the left flank made a short advance on the afternoon of the 15th with a view to strengthening out the line. They moved forward under considerable gun and rifle fire and gained about 500 yards, capturing a Turkish trench and taking two officers and 20 prisoners."

**WAS PROMINENT MERCHANT**  
PROVIDENCE, R. I., Aug. 18.—William Phillips Thompson, a former merchant in Chicago, died late yesterday at the Thompson home on South Main street, Warren, in his 73rd year. He had been ill for nearly three years.

Mr. Thompson was a great grandson of Rev. Charles Thompson, a Baptist clergyman and valedictorian of the first graduating class of Brown university.

If you want help at home or in your business, try The Sun "Want" column.

## ROBS HOTEL CASHIER

**CHELMSFORD MAN GRABS \$200 FROM HOSTON CLERK AND TAKES TO HIS HEELS**

BOSTON, Aug. 18.—Miss Edith Rafter, cashier in the main dining room of the Quincy house, was robbed of the receipts of the evening just as she had made up the cash shortly after midnight this morning by a man who had been seen loitering about the place for some time.

The box contained \$206.90. As soon as he had it in his hands he darted through the doorway and out through the lobby into Brattle square.

Miss Rafter gave a yell for help when the man grabbed the box that the money was in and porters and others about the lobby gave chase after the man.

He had gone but 100 yards before he was pounced upon and brought back to the hotel, where he was turned over to the police of the Court square station.

There he gave the name of Thomas Kenney, aged 30, of No. road, Chelmsford. He was locked up on the charge of robbery.

## 33,972 OFFICERS LOST

**GERMANY SUFFERS HEAVY CASUALTIES—13,503 OFFICERS INCLUDING 123 GENERALS KILLED**

PARIS, Aug. 18.—The Popolo d'Italia of Rome according to the Ilavva News agency, prints the following dispatch from Basel, Switzerland: "Germany has lost 33,972 officers since the war began, according to figures from German official sources. The dead total 13,503; the wounded, 26,927; missing, 2,119, while 523 are numbered as prisoners. Included in the total are 123 generals."

**PROGRESSIVES NOT DWINDLING**

NEW YORK, Aug. 18.—George W. Perkins, chairman of the national executive committee of the progressive party, in an address last night before New York county progressives, declared that any progressive who should now leave his party for the republican party would do so "with his eyes wide open in the face of notice after notice from the republican managers, that they are going right ahead with their old original program and have not the slightest intention of modifying it."

Mr. Perkins said that the belief that the progressive party was dwindling in membership was, in his judgment, fallacious.

## To Put On Flesh And Increase Weight

**GOOD ADVICE FOR THIN PEOPLE**

"I'd certainly give more than anything else to be able to gain a few pounds and play that way," declare many thin men and women. Such a result is usually not impossible despite past failures. Most thin people are in a condition which prevents the fatty elements of food from being taken up by the blood as they are when the powers of nutrition are normal. Instead of getting into the blood much of the fat and flesh producing elements stay in the intestines until they pass from the body as waste.

To correct this condition and to produce a healthy, normal amount of fat the flesh making food elements must be absorbed in the digestive processes that the blood will accept and distribute them throughout the body.

There is a preparation called Sargol, which works on this basis and which is sold by nearly every druggist on a positive guarantee of weight increase or money back. Hundreds have testified to weight increase from its use.

Sargol does not itself make fat, but is simply a combination of ingredients of acknowledged merit that, taken with meals seems to better enable the digestive organs to separate and absorb the fatty elements of the food and to prepare them in a form which the blood can readily absorb. Sargol comes in a tablet form, is easy to take and its action is perfectly natural and harmless. Sargol is sold by leading druggists everywhere, who are authorized to refund the full purchase price if weight increase is not obtained.

NOTE—Sargol is recommended only as a flesh builder and while it has produced excellent results in cases of nervous indigestion and general stomach disorders care should be taken by those using it who do not want to increase weight.

## BOY FELL FROM BALLOON

**TANGLED IN GUY ROPE AS GREAT BALLOON LEFT GROUND FOR A NIGHT ASCENSION**

GLOUCESTER, Aug. 18.—Entangled in a guy rope of a great balloon just as it left the ground for a night ascension at the Gloucester midsummer carnival last night, John McNeil, a 15-year-old boy, was carried up to a height of 70 feet and then fell to the ground, receiving probably fatal injuries.

Harold Cates, the aeronaut who started to make the ascension, realized as the balloon started upward that his predicament was impending by the lad's predicament and managed to cut himself loose at a height of 40 feet and dropped to the ground.

Cates sustained a severe shaking up and minor injuries, but the boy, the son of Nell J. and Annie A. McNeil of Acadia street, Gloucester, received severe internal injuries and four broken ribs.

He was rushed in an automobile to the Gloucester hospital, where it was said shortly after his arrival that he cannot live.

**15,000 AT GLOUCESTER DAY**

GLOUCESTER, Aug. 18.—For the first time since the festival was inaugurated seven years ago, the weather conditions yesterday were all that could be desired for the celebration of Gloucester day at Stage Fort park.

It is the counterpart of a village fair with modern accessories. The proceeds will be given the Huntress Home for Aged Women and many of the inmates were interested spectators. They were driven around in automobiles furnished by the Gloucester Equal Suffrage league, under supervision of the matron, Mrs. Marston. Over 15,000 persons attended.

**WROTE CRANK LETTERS**

**MAN HELD ON CHARGE—THREATS TO GOV. WALSH AND OTHER STATE OFFICIALS**

BOSTON, Aug. 18.—The arrest of Chas. L. Hanrahan of Mansfield, last night as the man who had written "crank" letters to the legislative committee, in one of which it is claimed there was threat to visit Clinton and clean out Gov. Walsh's house," was connected by police officials with the investigation to determine the authorship of recent letters containing threats to blow up the state house. A man who gave his name as Hanrahan called at the democratic headquarters yesterday, saying he intended to force the governor to assist in the candidacy of a relative for a postmastership. Later a series of letters, scrawled with skulls and crossbones, were received by Secretary Michael A. O'Leary, one of them addressed to Governor Walsh and when telephone threats were made, the police took up an active search which led to the arrest.

**SOLDIERS HARVEST CROPS**

French Troops Sent by Ministry of War to Gather Grain—Like Scenes of American Revolution

PARIS, Aug. 4. (Correspondence)—The frequent American visitor traveling along the Paris-Geneva state highway, passing near the forest of Fontainebleau at Barbizon, is, if he is familiar with his colonial history, reminded of Lexington and Concord.

He sees in the ripe grain fields on either side of the road old men, women and children trying to replace their fathers, husbands and brothers who are in the army, and along the dusty road squads of soldiers, shouldering pitchforks and scythes, with sickles in their belts, they wear the blue gaiters with points buttoned back, similar to the soldiers in 1776, but their mission for the moment is peaceful.

They are a part of the new agricultural mobilization: reservists whose aid the ministry of war has accorded the farmers to aid in the harvest. They are sent to all farmers at risk who make application for their assistance through local communal authorities. In some instances the farmer agrees to give them food and lodging, but no pay.

Military discipline still prevails: the farmer transmits his wishes through the non-commissioned officer, who in turn orders in precisely the same voice as at parade.

In the larger fields American harvesting machines may be seen drawn by slowly moving oxen; horses as well as masters are fighting.

**VILLA OFFICERS EXECUTED**

NGALES, ARIZ., Aug. 18.—Discovery late yesterday of a bomb attached to a tin fence in a room near the headquarters of Governor Jose Maytorena, Villa commander defending Nogales, Sonora, across the border, resulted in the execution of Captain Rojas of Maytorena's personal guard and two other officers of the Villa garrison. The execution orders were issued by Governor Maytorena, it was said.

## BOSTON THIRD IN LIST

**WITH TOTAL OF \$260,000,000, HUB IS BEHIND NEW YORK AND NEW ORLEANS IN FOREIGN TRADE**

WASHINGTON, Aug. 18.—The 10 principal customs ports of the United States handled \$5 per cent, or \$3,777,000,000 worth of the unprecedented American foreign trade in the fiscal year ending June 30 last, amounting to \$1,413,000,000.

Figures made public yesterday by the bureau of foreign and domestic commerce show that of the aggregate foreign trade 48 per cent, or \$1,213,000,000, passed through the port of New York. In 1914 45 per cent, or \$1,065,000,000 passed through that port.

The total foreign trade passing through the other nine ports in 1915, as compared with 1914, follows: New Orleans \$139,000,000, against \$233,000,000.

Boston \$260,000,000 against \$226,000,000.

Galveston \$240,000,000, against \$263,000,000.

Philadelphia \$184,000,000, against \$161,000,000.

San Francisco \$155,000,000 against \$130,000,000.

Baltimore \$157,000,000, against \$141,000,000.

Detroit \$143,000,000, against \$129,000,000.

Seattle-Tacoma \$135,000,000, against \$110,000,000.

The grand total of foreign trade this year compares with \$1,259,000,000 in 1914.

## LAWRENCE ALDERMAN UP AGAINST IT—ON AGAIN, OFF AGAIN, GONE AGAIN, HANNAGAN

LAWRENCE, Aug. 18.—Alderman Paul Hannagan, director of engineering, was yesterday served with a writ which has been sworn out by J. N. Gurdy and other prominent local men who seek an injunction to restrain the respondent from constructing Bay State road in the manner in which it is alleged, the work has been started. The writ is from the office of Attorney Cornelius A. Parker of Boston and is answerable at the supreme court in Boston, Friday morning at 9:30 o'clock.

The writ was served on the alderman yesterday by Deputy Sheriff J. Frank Knapp. The alderman was, at the time, in the city engineer's office.

The other petitioners named in the writ, besides Mr. Gurdy, included ex-Alderman John S. Todd, James A. McCabe, W. L. Taylor, Alderman James W. Cadogan, Dr. Charles A. McCarthy, Leonard E. Bonnick, Jake Nalstad and William J. Ward.

Bay State road, over which the controversy had arisen, runs from Water street, near the McLaughlin Bell factory, southerly as far as the Jersey Cream factory of which Mr. Gurdy is president. A petition, circulated and signed by Gurdy and scores of other local men, was passed and signed by the city council last year and called for the construction of the road under certain specifications.

Alderman Hannagan, as director of engineering, has failed it is alleged, to fulfill the requirements, and Gurdy, through his counsel, several weeks ago, sought a writ of mandamus to compel the alderman to build the road according to specifications. The writ was refused on the grounds that the road was then under construction on specifications, which, it was claimed, were substantially as good as specifications set forth in the petition.

City Solicitor Daniel J. Murphy is counsel for the respondent.

**MAY CONFISCATE BEER**

German Government to Take Step if Breweries Fail to Supply "Necessary" 20 Per Cent For Army

BERLIN, Aug. 2. (Correspondence)—Confiscation of a part of the German beer production is a possible though not probable step to be expected because of the abnormal state of affairs existing in Germany today. Confiscation will be resorted to by the government only in case the breweries fail to set aside a certain percentage of their normal production of 20 per cent—for the use of the army.

**MUST BE A CITIZEN**

Sec. Daniels Says Only American Citizens Will Be Named For Advisory Board of Inventors

WASHINGTON, Aug. 18.—Only American citizens will be appointed by Secretary Daniels to membership on the navy advisory board of inventors and scientists, which is being organized with Thomas A. Edison as chairman. Mr. Daniels said yesterday he had rejected one of the men named by scientific societies invited to nominate members of the new board, on the ground that he was not a citizen of the United States and had made no application for naturalization.

**UNEARTH HUMAN LEGS**

BRIDGEPORT, Aug. 18.—Workmen excavating in the East End yesterday unearthed two human legs about three-quarters of a mile from Yellow Mill pond, near which several months ago the torso of a woman was dug up. The legs were wrapped in cloth similar to that found about the torso, and the police believe they belonged to it. The head is still missing and the identity of the body has never been determined.

## NEW LINE TO PACIFIC

**\$12,000,000 BOSTON OWNED AND BOSTON CONTROLLED CORPORATION PLANNED**

BOSTON, Aug. 18.—A new \$12,000,000 steamship line—Boston-owned and Boston-controlled—to run from this port to the principal ports of the Pacific coast by way of the Panama canal, may materialize within the month.

Timothy E. Byrnes, former vice-president of the New York, New Haven & Hartford railroad, is the man behind the project and is bending every effort to bring about its successful organization.

The establishment of such a line would be of incalculable value to Boston and New England manufacturers, and it is understood the plan has the moral support of the port directors and the Boston Chamber of Commerce.

## "DENIAL OF JUSTICE"

**STRONG PROTEST MAY BE DRAWN BY STATE DEPT. ON CONDEMNATION OF THE DACIA**

WASHINGTON, Aug. 18.—With the condemnation of the American cotton ship Dacia as a lawful prize by the French courts, the case of the captured ship enters the sphere of diplomacy and unless an appeal is granted a strong protest based on a "denial of justice" will probably be drawn up by the state department to be forwarded to the French foreign office.

The position of the government, it is understood, will be taken up on the ground principle of the right of the United States to acquire by legitimate purchase vessels from any source whatever.

## TRIED TO BRIBE LABOR

**PRES. COMBERS CONFIRMS REPORT OF EFFORTS OF FOREIGN INFLUENCES TO STIR UP TROUBLE**

WASHINGTON, Aug. 18.—Samuel Compers, President of the American Federation of Labor, confirmed in sweeping language yesterday the published reports of far reaching efforts by foreign influences to stir up labor troubles in this country that would impede the shipment of supplies to the allies. In the statement Mr. Compers did not mention Germany or Austria by name, but the inference was plain that only those powers, and perhaps Turkey, would be interested in preventing the export of arms by the United States.

Mr. Compers lays stress on the efforts of the agents of foreign governments to bribe labor men and in other ways procure strikes of longshoremen and seamen to prevent the departure of supplies for European ports. An inquiry directed into the efforts corruptly to induce labor men to call strikes among the longshoremen and seamen, said Mr. Compers, would prove fruitful. At intervals during several months, he said, he could hear of agents and persons who wanted to call upon him to force strikes for the purpose of affecting the European situation.

Some comment was occasioned by Mr. Compers' direct reference to efforts to influence strikes affecting shipping and his failure to mention similar efforts among workers in munitions factories in a country that began Sept. 1 the workers will be given for one year a bonus amounting to 5 per cent of their wages and payable quarterly.

**TO GIVE EMPLOYEES BONUS**

SPRINGFIELD, Aug. 17.—Notices were posted in the factory of Smith & Wesson, manufacturers of revolvers, today, announcing that beginning Sept. 1 the workers will be given for one year a bonus amounting to 5 per cent of their wages and payable quarterly.

**WROTE CRANK LETTERS**

**MAN HELD ON CHARGE—THREATS TO GOV. WALSH AND OTHER STATE OFFICIALS**

## LAWSON WINS STAY

**MAY GET A NEW TRIAL—JUDGE HILLIER BARRED FROM PRESIDING AT OTHER MINERS' TRIALS**

DEVER, Colo., Aug. 18.—The fight of the United Mine Workers of America to obtain a new trial for John R. Lawson, member of the international executive committee to the miners union, who was convicted on a charge of murder growing out of strikes riots at Ludlow, resulted in a partial victory yesterday when the state supreme court granted a writ of superadeas, preliminary to a review of the Lawson case on its merits.

The mine workers won a second victory when the supreme court barred Judge Grady Hillier, who sentenced Lawson, from presiding at future trials growing out of strikes riots.

The superadeas writ stays the execution of the sentence of life imprisonment, pronounced on the labor leader by Judge Hillier last May. The court deferred settlement of the question of admitting him to bail and Lawson still is in jail at Trinidad.

## RESINOL STOPS ITCHING INSTANTLY

It is a positive fact that the moment Resinol Ointment touches any itching skin, the itching usually stops and healing begins. With the aid of Resinol Soap, it quickly clears away all trace of eczema, ringworm, pimples, blackheads, or similar tormenting, unsightly eruptions, leaving the skin clear and healthy.

And the best of it is you need never hesitate to use Resinol Soap and Resinol Ointment. There is nothing in them to injure the tenderest surface. Resinol is a doctor's prescription which for twenty years has been used by careful physicians for all kinds of skin affections. They prescribe Resinol freely, confident that its soothing, healing action is brought about by medication so bland and gentle as to be suited to the most delicate or irritated skin—even of a tiny baby. Every druggist sells Resinol Soap and Resinol Ointment. Samples free. Dept. 26-R, Resinol, Baltimore, Md.

# AUTOMOBILE NEWS

## AUTO TOURING AT HEIGHT

HUNDREDS PASS THROUGH LOWELL DAILY—WHAT THE AUTO MEN ARE DOING

The automobile touring season is now at its height and the number of out-of-town cars that pass through the city every day is very large. The large business is also manifested by the great activity of the garages.

Among the cars which visit Lowell on their tours are representatives from nearly every state in the Union. A great many, however, are from the East, tourists going from New York city through the Adirondacks, across Lake Champlain, through the Green Mountains of Vermont and thence through Maine and the New England coast.

Many local auto owners are now enjoying tours.

**Lowell Motor Mart**  
This week the Lowell Motor Mart in Merrimack street, agency for Ford motor cars, is making a special offering of Hassler's shock absorbers. These shock absorbers take both the shock and the rebound and have brought great satisfaction to those who have equipped their cars with them. These may be inspected at the Motor Mart, where the mechanical experts make a specialty of applying them.

**Auburn Motor Sales Co.**  
The Auburn Motor Sales Co. of this city, whose office is in the Bradley building, announce a reduction in the prices of the Auburn seven-passenger, six cylinder touring car. The price has been cut from \$1650 to \$1400. The car has a 130 inch wheel base, 45 horse power Continental motor, top and other complete equipment. Those interested can see the car and enjoy a demonstration by calling 4788-W or 4575-W for an appointment.

**George F. White's Trip**  
Mr. George F. White, local agent for the Reo and Oakland motor cars and for the well known G. M. C. auto truck, recently returned from a trip to the factories where the three above mentioned vehicles are manufactured. The Reo factory is in Lansing, Mich. and the Oakland and G. M. C. factories are in Pontiac, Mich. Mr. White, in conversation with the writer yesterday, gave an interesting account of his trip.

His inspection of the three factories was most enjoyable. In the Reo plant, he stated, they are now working on the new 1917 cars. There are a few changes in this make. The four cylinder cars will be practically the same as last year with improvements in the starting safety device. There will be modifications of the fenders and hoods. The six cylinder car will have a wheel base of 126 inches and will be of the seven passenger size.

At the Oakland factory, Mr. White found no less activity and officials stated that they are rushed with orders and a similar condition was evident at the G. M. C. truck factory. Mr. White spoke in words of the highest praise for the up-to-date methods and wonderful efficiency of the factory and the care which the workmen in every department manifest in perfecting the cars in every detail.

Mr. White drove to Lowell from Michigan in an Oakland, "Little Six." This is the second time Mr. White has driven an Oakland over that distance and back time without a mishap. Members of the party were delighted with the trip and the fine performance of the car. The last 219 miles from Albany to this city, including the trip through the Berkshires and their very difficult grades, were made on high gear without a single shift. The Oakland easily topped every grade encountered on the trip. The average

## AUTOMOBILE QUESTION BOX

EDITED BY GEORGE H. ROBERTSON

**NOTE**—In these columns every Wednesday Mr. George H. Robertson, America's foremost automobile authority, will give expert advice to motorists on how to repair and operate their machines. Automobile readers of THE NEWS are invited to send in questions or problems they may wish to have answered. Such questions will receive attention in due time. Address all communications: Automobile Editor, Sun, Lowell, Mass. Communications must bear the signature and address of the sender, though not for publication but as a guarantee of good faith.

**Sufficient warning**, by means of the bulb or electric horn, should always be given before attempting to pass another vehicle. The car speed should always be slackened up in passing a pedestrian or a horse drawn conveyance and sufficient warning given in order to prevent confusion. If a horse appears frightened it is only common courtesy for the motorist to pull up to the side of the road and throttle the engine down low in order to prevent noise and avoid frightening the animal.

If a sufficient warning signal is heard signifying the car behind wants to pass, one should go as far to the right as possible in order to provide the maximum space at the left for the overtaking vehicle.

George H. Robertson.

**What is a practical way of timing valves and ignition on a touring car? Give approximately the valve timing of a fast racing car?**

M. B.  
It is considered good practice to close the exhaust valve on top centre and to open the inlet valve about one eighth of an inch on the piston stroke before top centre. This allows the burnt gas to be well cleaned out, both valves being open for that small period. On racing cars the inlet and exhaust cams are very blunt, giving a quick opening and closing. The setting of these valves will depend upon the engine size as to the overlap of the valves.

**Will you please tell me the best way to inspect a second-hand car to find defects and how to proceed? I intend buying a car that has been used about 3,000 miles, but the owner declares it to be in good condition.**

F. V.  
I would advise you to secure the services of a first-class mechanic to go over the car with you. It is better to pay a capable man for an examination of this sort than to take a chance of judging a car yourself.

**I have a Pullman, 1912, five-passenger car. In shifting my gears into second there is an awful grinding before they mesh, although the car may be running but slowly. The hub and brake drum on one rear wheel gets very hot after running a short time. Have jacked up and tested brakes, which I found O. K. Can you tell me what is wrong?**

A. S.  
You will find that the clutch is dragging. This should be cleaned out and notice taken that the shaft does not spin when the pedal is thrown up. These brakes probably tighten up when there is a load in the car.

**I have a car which runs all right at moderate speed, but when I go fast it misses and backfires, acting the same way when I try to take a hill. I have looked for a short circuit, but found none. Sometimes, not very often, I go up a grade all right, but then only when I leave the spark in a certain position.**

J. A.  
The backfiring is due no doubt to a lean mixture at high speeds. Sometimes, however, the magnets may be set improperly, so that when it is advanced the firing of the mixture takes place at the wrong time, causing a backfire.

**Can you tell me how many bearings there are in the crankshaft? Kindly explain on all types of motors.**

W. M.  
The crankshaft on one, two and some four-cylinder motors have but two number of miles per gallon of gasoline was 22.

**Red Arrow Motor Supply**  
Mr. A. G. Bourke of the Red Arrow Motor Supply at 518 Moody street, a live new motor supply establishment, continues to report increasing business, chiefly in the repair department. The repair work of this company has pleased very many motorists. Supplies and accessories of every description are kept in stock. The constant growth and never ending activity of the new is evidence of the large patronage which Mr. Bourke is receiving. Mr. Bourke has found a large demand for the Safety First steering device for Ford cars.

Arthur G. Bourke, Mgr.  
548 MOODY ST. TEL. 4425-W

**What is the safest and best system for gasoline storage. Your answer will oblige.**

J. H. T.  
The safest method of handling gasoline and other liquids of a like nature when stored in large quantities is to use the underground tank outfit. This is a very economical method, because the danger of fire is reduced to a minimum and there is no loss of fuel from evaporation. The liquid may be pumped up from the tank by any simple form of hand pump, some of which are so designed that they will pump only measured quantities of the liquid.

**What would happen if there was no differential gear on a car or if the one that was there locked?**

A. L. M.  
Without a differential gear the ordinary form of motor vehicle would be difficult to handle on curves and all parts of the driving mechanism as well as the tires would be subjected to severe stresses that would produce rapid deterioration.

**In driving a car, will you please tell me how the engine could be used as a brake.**

In event of failure of the regular braking members a decided retarding effect may be obtained by placing the gearshift lever in the low or intermediate speed position, throwing off the ignition switch and applying the clutch so that the rear wheels must turn the engine against compression. This virtually turns the engine into an air compressor and it will absorb considerable power.

**I have a 1915 touring car which has a Continental motor, four cylinders. Whenever the motor is started, a knock is evident. I think it is in one of the cylinders. It is very annoying when the motor becomes warmed up.**

From the description of the sound, it seems as though there was a loose piston in the motor. A loose piston causes what is called a slap and is very disagreeable. It is due to the piston being fitted with too much clearance.

**In going around a left hand turn at about fifty or sixty miles per hour, what wheels leave the ground? T. J.**

The inside wheels leave the ground.

**MOTORISTS KNOW CARS**  
BUYING AUTO TODAY MUCH SIMPLER THAN A FEW YEARS AGO  
—BUYERS KNOW GOOD CARS

"The automobile buyer of today is for a far different proposition than he was four years ago," said Frank E. Smith, head of a large motor manufacturing company, in discussing the auto situation yesterday. He says that persons buying cars now invariably know exactly what they want long before they approach a dealer and naturally selling automobiles has become a very much different business in the last few years.

"In the early days of the automobile industry few sales approached the check book stage until the prospective buyer had been given a ride and had been laboriously shown that the car would really run," said Mr. Smith. "These demonstrations were often long, systematic and included comparative showings of different cars. Buying an automobile in those days was an undertaking in which purchaser and salesman devoted a great deal of time and thought."

"In more recent years the demonstration has played a steadily less important part. The reason is simple. Motor cars of today—that is, cars which have established themselves through service—do not have to be introduced to the buyers. Such cars are known and the prospective purchaser is aware of what he is buying."

**AUTO SERVICE THAT GIVES Satisfaction**  
With up-to-date methods, expert workmen, we have shown motorists what is REAL service. We have never failed to give prompt attention and satisfaction has always resulted. That is the reason for our success.

**Bring Your Repair Work to Us**

**Red Arrow Motor Supply**  
Arthur G. Bourke, Mgr.  
548 MOODY ST. TEL. 4425-W

long before he enters the auto sales room. Patrons do not have to worry about the cars made by old established companies. Stability must be their keynote or they wouldn't be in business now, with so many new companies branching out."

## SAYLOR BEATS BALDWIN

AND HAS NO TROUBLE DOING IT IN ANY OF 12 ROUNDS FOUGHT AT ATLAS A. A.

BOSTON, Aug. 18.—It looks like Matty Baldwin has fought his last big fight, after his bout with Young Saylor at the Atlas A. A. last night, which Baldwin lost after 12 hard rounds. Not since the night he was buffeted from one end of the ring to the other by Ad. Wolgast has the Charlestown prizefighter received such a licking.

Grit, pure and simple, enabled Baldwin to last out the 12 rounds, for no gainer exhibition was ever seen in a local ring. Matty made a few spurts, one of which came in the fifth round, when he clipped Saylor on the chin with a left hook and nearly toppled the banty wheat belt lightweight. But at all other times Baldwin was out-fought and eluded as hard as he has ever been hit in his life.

## MALONEY TO WRENN

LOCAL SWIMMER WANTS TO MEET CHAMPION IN A RACE FOR PURSE

Timothy Maloney, the local boy who has twice succeeded in covering the treacherous waters between Charlestown bridge and Boston Light, and who finished second to Michael Wrenn in the Pitts' Trophy race held Saturday last with a challenge to swim Wrenn any distance over 3 miles for a purse of from \$20 to \$300. Maloney was a caller at The Sun office yesterday and stated that he was ready for the contest any time that suited Wrenn, and that he was ready to post his money at a moment's notice.

The challenge is a result of the race held Saturday in which Maloney swam neck and neck with Wrenn until the last quarter mile of the 8 mile Merrimack river course had been covered. Maloney claimed that he was in no condition for the race, and that he had a faint he can beat Wrenn if given another chance.

## DIAMOND SPRINGS KICK

CLAIM THEY DIDN'T GET A SQUARE DEAL IN SOUTH-END GAME ON SATURDAY

The manager of the Diamond Spring baseball team which played the South Ends on Saturday sends the following: Sporting Editor Lowell Sun,

Dear Sir:—The Diamond Spring club of Lawrence journeyed to Lowell on Saturday and played the South End club in their third game of the season. The South Ends took the first game early in the season, 6 to 5, 10 innings. The Diamond Springs took the second, 3 to 1, and the third game the Lowell team won, 4 to 3. We refuse to admit that they won the series was a tie, 3-3, called in the ninth inning. A decision made in the eighth inning causing the trouble, and nearly causing a riot, was in clear defiance of all fairness. After tagging a runner who was coming home to score the fourth run, getting him out by six feet and blocking him off the plate by three feet, the umpire called him safe. All fair-minded fans who saw the play will agree that it was an unjust decision and some think it was done with malice aforethought.

We are willing to play the South Ends to settle that tie-game anywhere they wish, except on the South common where some fans like to get close to the visiting players, insult them and throw small pebbles at them while they are in the field. Any team could win games with a crowd of rooters throwing things at their opponents. The Diamond Spring team claims the championship of Lawrence and of the Merrimack valley and any team

disputing this claim may make arrangements to prove theirs with the manager of this team.  
Thanking the fair fans of the South common in our past games I trust we may have another game with a neutral umpire. I might add that in Saturday's game we claim to have been better than the South Ends, even with our regular pitcher and two outfielders out of the line-up.  
Respectfully,  
Charles Hauser, Mgr.  
306 High street, Lawrence, Mass.  
There are two sides to every story. Let's hear from the South Ends.

**Your Motor OIL IS AT Coburn's**  
An attache of the Chalmers Co., who is an authority on lubrication, says: "Lubrication is really the most important item in keeping a car in good running order. when it fails of execution—Lawrence Tribune.  
Swayne and Moulton have been particularly good at squeezing—on the diamond.  
To prevent the recurrence of pop bottle attacks on umpires at the local National league ball park, President Schuyler P. Britton of the St. Louis club announced that henceforth no soda water will be sold in the bleachers. For the umpire's sake here's hoping they don't substitute Scotch ale or spruce beer which comes in stone bottles.  
A Boston despatch says: Leading the Massachusetts Police league by a safe margin the Boston Police baseball team is already making preparations to battle the winning team of the New York City Police league for the world's police championship.  
The series will be staged in New York early in the fall.  
Boston thus far has lost but one game and that to Lowell last Tuesday. But that game has been protested by Boston to the secretary of the league because of some alleged irregularities in the work of Umpire Condon.  
Umpire Condon had one of those Snubler-Greenhalge fingers that refuse to bend and hence when he stood with one finger pointing straight at the ground and the other wiggling around, the Boston sleuths thought they had uncovered a deep-laid plot to tip the batters on their signals.

## TOOK FOUR STRAIGHT

BARROWS GOT TWO HOMERS AND EVERYBODY HIT THE BALL AT LAWRENCE YESTERDAY

LAWRENCE, Aug. 18.—Lowell made it four straight from Lawrence at Riverside Park yesterday afternoon, the up river team batting out a well earned victory by a score of 7 to 5.

Alex Pearson started in the box for the home team and retired the first two men all right. Then the heavy artillery broke loose, and a double, home run, another double and a single in order, was more than Pearson could stand. So he hid himself out to right field and brought Luyster into the box. The first batter to face Luyster greeted him with a hard bingle but Harry Thompson came to the rescue by throwing a man out at the plate.

Luyster went along all right from then on up to the eighth inning. At times the Lowell hitters broke through, but not effectively. But when Lawrence tied up the score in the seventh, the visitors again broke loose, and some heavy hitting with loose playing throwed in brought them victory.

In all 15 hits were registered by the Lowell men and every one got at least one safe hit. Cuka Barrows led in the

attack by hitting two home runs drives over the center field in his first two times up. In each instance he hit the first ball pitched. Lefty Munn was very much in evidence with a double and a brace of singles, one of his hits coming when the bases were filled in the eighth inning.

Larry Mahoney was in form at the bat, pulling out a double, single and a home run. In the field he had two errors, but only one figured in the scoring and it did not make any difference, as it came in the ninth inning and Lowell had enough to win without the run they got in the last frame. Danny O'Connell got in a timely walk-off that tied up the score in the seventh, and Conley connected for a home run drive in the eighth.

In the second inning, however, the locals lost a splendid chance to score when Warner opened up with a single and Mahoney sent him to third with a two bagger. Both runners were left panting on the bags, as the next three errors, but only one figured in the scoring and it did not make any difference, as it came in the ninth inning and Lowell had enough to win without the run they got in the last frame.

WEDNESDAY, AUGUST 18, 1915.

BASEMENT PALMER ST.

Mahoney had pivoted the ball to Ostergren.

Swayne was first out Warner to Ostergren and Moulton then did on Pearson's assist. Stimpson followed with a fly to center field but the wind carried the ball out of O'Connell's reach and it went for two bases. Barrows followed with a clout over the center field and the wind carried the ball over the fence for a home run. Lefty Munn scored him with a line hit over short. Pearson went out of the box after this hit taking Luyster's place in right field while the local captain came in to pitch. White greeted Luyster with a hit to left field and Munn tried to go to third and he was thrown out by Thompson.

Lawrence went out in order. A fast triple play, the fastest ever made at Riverside park, retired Lowell in the second inning. Alcaran opened with a single to left field and Zieser followed with a single to right that hit Alcaran on second. Swayne followed with a line hit to Warner. He caught the ball a few inches from the ground threw the ball to Mahoney on second and Alcaran was out and Luyster then came to the plate to third before Zieser could get back.

Warner opened up for Lawrence with a single to center field and Mahoney followed with a double to right center, Warner going to third. Both, however, were left to die on the bag. Ostergren hit an easy grounder to Zieser and was thrown out at first. White then struck out Conley and Flaherty.

Moulton was thrown out by Luyster. Stimpson was called out on strikes. Barrows then caught the first pitch. It was a long high drive that went over the center field fence at the top of the flag pole. Dee put up a high fly to Luyster for the third out.

Pearson was first out. Zieser to Munn. Thompson and Luyster were both passed. Zieser then made an attempt to catch Thompson off second and turned and threw the ball to Dee who was coming in the bag. The ball struck Thompson in the small of the back and laid him out for a few minutes and the game was held up. When play was resumed, a double steal was attempted on the first pitch. Thompson got away to a good start and there was no chance to get him at third and Alcaran threw the ball to second. Luyster made no attempt to slide into the bag and he was nailed. O'Connell then hit a slow grounder to Munn but nobody covered first and O'Connell reached the bag safely while Thompson scored. Warner made it three out with a high fly to Swayne.

After Warner had put a high fly to Munn in the latter half of the sixth Mahoney connected for his third hit of the game with a drive over the left field fence for a home run. Ostergren fouled out to Munn close to the first base bleachers and Barrows got Conley to drive in right center for the third out.

Lawrence tied up the score in their half of the seventh. Flaherty walked for a start. Pearson went out on a high foul fly to Alcaran. Thompson broke in with a single to right field and Alcaran went around to third. Luyster hit a grounder to Zieser and Bill went out at first. Flaherty scored on the play and Thompson went to second. O'Connell followed with a line hit over short and Thompson scored. O'Connell stole second but Dee got Warner's grounder in deep short and that was his hit.

Lowell went into the lead again in the eighth. Moulton opened up with a grounder to short. Conley cut directly in front of Mahoney and interfered so much that the shortstop fumbled the ball and Moulton got credit for a hit. Stimpson advanced him with a sacrifice hit. Barrows was purposely passed and Dee followed with a fly that dropped safe in short center filling the bases. Munn then came through with a single to center field and Moulton and Barrows scored. The bases were filled for a second time when White got a single to left field. A fast double play then prevented further scoring. Alcaran hit a grounder to Luyster who threw to the plate forcing out Dee and Flaherty then shot the ball to Ostergren nailing Alcaran.

Lawrence got one back in their half. Mahoney was first out. Dee to Munn. Ostergren struck out. Conley drove a home run over the left field fence. Flaherty hit to Zieser and died at first.

Lowell scored again in the ninth. Zieser opened up with a single to left field and Swayne dropped a safe ball sending Zieser to second. Moulton then came to the plate and Alcaran touched second forcing Swayne. Zieser went to third. Stimpson followed with a grounder to Mahoney but he fumbled and Zieser scored. Barrows hit to Warner and was thrown out at first. Moulton going to third and Stimpson to second. Dee followed with another grounder to Warner and died at first. Dee robbed Pearson of a hit by pulling down a line drive with his gloved hand. Thompson struck out. Luyster was thrown out by Dee.

## IN POLICE COURT

Operative Fined for Assault—Other Cases

Disposed of

Asadour Abraham, an employee of the Scott mill, entertained a large number of spectators at police court this morning, as to the methods employed by a fellow worker in giving him a thrashing which was responsible for him spending seven days at the hospital.

The defendant in the case was John Catapoulos, who through his counsel, D. J. Donahue, entered a plea of not guilty. Major Noyes appeared for the complainant. The first witness heard was Abraham, who testified he was at his work in the spinning department of the Scott mill when the defendant with a couple of other employees approached him. He said the defendant called him vile names and then grabbing him by the neck, struck him a blow in the side, throwing him to the floor. "Mister," said the witness, speaking to Judge Fisher, "John caught me by the neck, stuck my head in a box and strike me on the side. After that he throw me to the ground. Then they pick me up and send me to the hospital, where I stayed seven days."

Cross examined by Lawyer Donahue witness denied striking the defendant or calling him vile names. Dr. Clark, superintendent of the Lowell hospital, where the complainant was treated, testified to examining Abraham upon his arrival at the institution, and of finding a large bruise on the side of his chest. He said there were no fractures, but the man remained at the hospital one week.

Adele Riopelle and Rebecca Francoeur, who were working in the department where the alleged assault took place, testified to seeing John grab the complainant and then they claimed they saw him strike him in the side. The defendant admitted striking the complainant, but he said he was in order to release the hold Abraham had on him. Judge Fisher found the defendant guilty but said he believed the trouble was started by Abraham. He imposed a fine of \$5.

## Serious Charge

George E. Piper was called on a complaint of a woman for alleged assault and battery. His case was continued, bail being fixed at \$100.

## He Forgot

William J. Mello, a clean looking young man, who drives an automobile, changed his clothes on Aug. 15 and forgot his chauffeur's license and was stopped in Middlesex street by Patrolman Clark and sent to the station, charged with operating an automobile without having his license with him. The young man explained his case to the court this morning and after being informed to be sure never to operate a car without having his license in his pocket, his case was placed on file.

## Non-Support

A clean young man, who unfortunately is addicted to the use of intoxicants, was arraigned in court on a complaint charging him with neglecting to provide proper support for his wife and child. He admitted his guilt. The young wife informed the court that her husband would be an ideal man if he would let liquor alone. She said she has no home for she is stopping with her mother. She said she is willing to return to her husband and she will do the best she can to make him happy providing he will give up drinking and properly support her and her child. The young woman informed the court her husband is a railroad man earning over \$10 a week when he works, but with the life he is leading his money is not enough to supply him with drink.

The defendant after receiving a severe lecture from the court promised to give up his bad habits and return to his wife and child and he was placed on probation for six months.

## Taken Ill

Allie Mohamed, who with Ahmed Owad, was brought to court yesterday on a complaint charging him with the larceny of \$87 from the latter's brother, Mohamed Owad, developed hysteria while locked up at the police station late yesterday afternoon and his condition was such that City Physician Tighe ordered his removal to St. John's hospital. Allie recuperated during the night, however, and this morning the case was again called, to be continued again till Friday.

One drunken offender was fined \$6, another was given a suspended sentence of one month in jail, while two of the first offenders were released by the acting probation officer, Michael Dowd.

trial powers show no disposition to relax pressure on the eastern front, nor are they likely to do so until they have tried once more to separate the Russian northern and southern armies and capture Brest-Litovsk.

Allies Gaining Ground  
News from Turkish sources that the new landing on the Gallipoli peninsula, near Suvla bay had been engaged heavily is confirmed in an official report today from Gen. Sir Ian Hamilton, stating that the British left had won 500 yards of ground, including a Turkish trench. Sir Ian also reported the repulse of determined Turk-

THREE DOLLARS PER YEAR. TWENTY-FIVE CENTS PER MONTH

## THE DOLLAR IS KING

For the first time in financial history, the American dollar rules the financial world. Such is the authoritative statement emanating from the exchange markets of New York, backed up by facts and predictions which indicate that New York and not Paris or London is the real financial center of the world. Such an outcome was predicted freely after the passing of the administration currency bill, but the war has precipitated what might not otherwise have come for years—never. Now the American dollar is the symbol of financial supremacy, and it may remain so when the war is over, if we are fortunate enough to preserve our neutrality and to keep out of the inferno of the old world.

The immediate cause of the glorification of the dollar was the deluge of bills from American firms that flowed into the foreign exchanges, causing a startling decline in exchange rates. It is also said that every contract made by American manufacturers for supplies sent abroad calls for payment in American dollars instead of English pounds, and the loss in exchange, therefore, must be borne by foreign buyers.

Incidentally, the English pound sterling has decreased in value in foreign exchange, making the loss in financial transactions with this country far greater than usual. The normal American value is 4.85, but it has fallen as low as 4.64 and there is slight prospect of immediate improvement. English money is now at the lowest value in history. The market is also demoralized with regard to French currency exchange, showing that the financial troubles of England and France are by no means the least factors in the war situation. Hitherto the standard in the world of trade was the English pound and any losses due to a decline in foreign rates had to be borne by American finance. The change of policy, which American business is in a position to dictate, means great additional prosperity and prestige for this country.

From the outset of the war American finance has met every emergency and has risen to its present pre-eminent position by consistent and intelligent management. The need for gold in the warring nations obliged them to sell their American securities demanding gold in exchange, and our exchanges were flooded with obligations which taxed the gold supply of this country for a time and threatened panic. Luckily, the terms of the currency bill provided sufficient elasticity, and we met every crisis unflinchingly. Now the American manufacturer and financier is in a position to practically dictate his terms, and whether the medium of trade be cash or credit, American finance is sounder than it has ever been. The dollar rules the world today, and it is up to America to see that it will continue to stand for financial pre-eminence when the war is over.

## CALLS FOR PULMOTOR

Wonderful reports of the success of the pulmotor in reviving victims of near-drowning or illuminating gas accidents come from other cities, but in this city it is somewhat of a disappointment. It may be that facts are not always as reported but it would seem that in many cases the pulmotor has been used on individuals that have shown signs of life, but without avail. It also looks as though the local management of the pulmotor is faulty in some particular as there have been instances where it arrived too late to be of any benefit, or, through some misunderstanding, did not arrive at all. Such a painful incident was that of Sunday when in response to a hurried call from Long pond, Dr. Donovan and Inspector Walsh went with the pulmotor to Mud pond instead of the scene of the tragic occurrence. Had the pulmotor reached Long pond in time, a life might have been saved. In this case, the mixup seems to have been due to confusion over the telephone message. If such misunderstandings can be guarded against, they should not be permitted to occur again, though absolute perfection must not be expected.

If this city had a motor ambulance or ambulances, properly equipped with a pulmotor and other modern appliances, the ambulance service would be far more effective, and many accidents might have a different ending. While it might not be advisable to send the motor ambulance outside of the city limits, there would be enough to do in responding to local calls, and the acquisition of a motor vehicle would be justified in a short time.

## LYNCHING OF FRANK

If Leo Frank was really the murderer of Mary Phagan, who was avenged by the mob, which in turn murdered Frank, but the later crime has fastened a dark stain upon the name of Georgia. In this section it is hard to understand the problems of the south or the fury of popular passion there when aroused by prejudice, but the frequent lynchings are a disgrace not only to the states guilty but to the entire country. The murder of the little factory worker was a crime of dreadful brutality, and a certain section of the Georgia public clamored

for a victim. Gov. Slaton came between this group and Frank, because of the doubts as to his guilt and the unfairness of his trial, but it was planned that a life should be claimed for a life, and Frank has paid the fullest penalty. Had he foreseen his end, and the murderous attack that preceded it, it is not likely that he would have sued for executive clemency, but if he were really innocent, time may clear his name. If that should happen, Georgia will stand in an unenviable light not only before the United States but before civilization. It is a dreadful thing that in this country and in this enlightened age, organized murderers can burn and hang in defiance of law and of a government that seems powerless to remove the reproach. Frank may not be mourned by many, but his lynching will cause a wave of indignation and shame to sweep over this country.

## FIXING SPEED FIENDS

Judge Arthur J. Gray of Savannah, Ill., who has been sitting in vacation in Chicago, has made a reputation by his sensible handling of speed mania cases. Speeders in Chicago are brought before an emergency court and given a chance to explain, but it will be a plausible explanation indeed that will get by Judge Gray. The following excerpt from a recent talk on the subject shows where the sensible jurist stands:

"It's just as dangerous to run an automobile at forty miles an hour in the streets as it is to fire a bullet in a crowded thoroughfare. In fact, a man with a speed bug is more dangerous than a man with a gun. There ought to be a law that would send a man to jail if he traveled through the streets at more than thirty miles an hour. I will give every speeder brought into my court, whether he is a peddler or a millionaire, influence and excuses will not count. The best thing they can do is walk right up and hand over their money."

Besides the direct handling of the cases, Judge Gray has also attracted considerable attention by his refusal to be swayed by the appeals of professional politicians. He has been dear to the pleas of "influential" men, and comes pretty near dealing out "equal rights to all, special privileges to none." Good for Judge Gray, and may his example be followed.

## THIRTEEN DROWNINGS

The list of drowning fatalities in New England waters for last Sunday was thirteen—not an unusual toll. If next Sunday is fine, the list will be swelled appreciably for drownings and automobile accidents are the order of the day. Most of them are preventable and could be averted by a little attention to the slogan "safety first." At ponds, lakes and beaches, many foolish individuals abandon caution and take risks that they would not think of taking elsewhere. Young men who cannot swim will go into deep water, others go out in canoes or unsafe boats, others go for long-distance swims where there is no available aid in case of accident, and so on down the line of risks. The very element of danger seems to make the water sports more fascinating than otherwise, and all warnings do not serve to lower the average of such accidents appreciably. There are none so blind as those who will not see, and altogether too many refuse to see danger even at its plainest.

## WAR OF THE COUSINS

Must not the day come when Europe will demand that the whole house of Hohenzollern give up the spoils so long enjoyed at the public expense?—Courier-Citizen.

That day must assuredly come but as a neutral newspaper we believe it should also sweep from the path of popular government the houses of Guelph and Hapsburg that have been in the same business as the Hohenzollerns although—perhaps on a less aggressive scale. This war might well be named "The War of the Cousins," for are not the Kaiser, the czar and King George V connected in that degree of kinship?

"He could have done more for his mother, if he was her sole support, by remaining at home, where a dozen trades must have offered him an ample income."—Courier-Citizen.

This is part of what our neighbor has to say of the young American sailor who lost his life in the recent trouble at Haiti. If this option were general, then the protection of parents and other dependents would be regarded as more important and more binding than training for the defense of the flag. There is scarcely a soldier or sailor in the army or navy today who did not make a sacrifice somewhat similar to that of the young man who left his mother to enter the navy. If nobody were willing to make such sacrifices, we should have neither army nor navy. But there are possibilities of advancement in the navy that might enable such a young man to provide for dependent relatives fully as well there as he could elsewhere, so that our neighbor's contention, even from a financial standpoint, is not correct.

There's No Connection  
Why is it that the shorter the skirts

# THE MAN IN THE MOON

As a humble citizen of Wiggwiltown I protest against so much advertising and newspaper talk about Pawtucketville, that ancient burg situated in the other side of the city. Not that I've anything against the people up that way, but I feel that Wiggwiltown which thus far undisturbed and alone has worked out her own development, is deserving of some public attention; and that it's about time she got something besides the merry ha ha! Just look at the elegant condition of all the streets in Pawtucketville, and then come out here and take a look at our country roads! Next year Pawtucketville will have a new bridge if the city agrees with the Locks and Canals corporation. It has had the hospital for contagious diseases offered to it on a platter, as it were, yet declines the great distinction. It has had the effrontery to say, as it reflects the honor, that the city owns plenty of desirable land already that it could use for an isolation hospital. It has the "bully" yard as the late Jeremiah Crowley used to call it. It has the Lowell General hospital, the pumping station and the brand new alternating gallery which came high and which we fondly hope will be worth what it now costs. It has a sewer built through a meadow in anticipation of the great building boom that will strike this part of Pawtucketville in about the year 1930—possibly later. It has the worst "blind corner" in Lowell; and not until some hapless pedestrian or some reckless automobilist is effectively killed at that point shall we see a traffic officer stationed there. It has the Textile school, although it must be said that a sort of unwritten law bath it that Mt. Hope street is the easterly limit of Pawtucketville proper. It is the home of Harry W. J. Howe, J. Ross Ellis, Tom Murphy, Mike Lynch, John Daney, Joe Wilson, Thomas John Varnum, William H. Rigby, Joe Perkins and Hiram Vining. Its firemen are the best in the whole department. It's "P. A. C."—a chartered organization consisting of the finest young men of Pawtucketville, club life affiliated with the moral, intellectual and physical life of this section. The club but awaits the coming improvements about the square to install itself in new and spacious quarters and to augment its membership. Pawtucketville women are noted for their decency and virtue. They are clubbers and preservers of homes. Pawtucketville owes everything—and Pawtucketville is a community of homes. She is ever ready to fight for them, too. Now Wiggwiltown is not so large, so populous nor so old as Pawtucketville; but for the time she has been on deck she has done very well indeed. She has some advantages that Pawtucketville doesn't enjoy; but to make the most of requires considerable consideration from the government which she helps maintain. The possibilities of Wiggwiltown are great and time is lost to witness their wonderful development. This, too, is a community of homes; in them live law-abiding, industrious and intelligent men and women. They can well be proud of the natural attractions about them—the Concord and the beautiful outlook beyond them. The future clubbers of the best of its kind in the state, honored itself as much as it did Wiggwiltown, when it established its house and grounds in this locality, while the Brewster club in its quarters by the river knew a good place when it saw it. Yes, Wiggwiltown is all right. Since it became a part of Lowell it has learned, among other things, that the ante-election promises of politicians are worth about as much as the Belgian treaty was to the Belgian people—but perhaps that's putting it rather strong. However, we'll keep Wiggwiltown the brighter colored the stockings?—Lawrence Tribune.

## John Boyle O'Reilly

John Boyle O'Reilly, who died 25 years ago, still lives among us. The life that he lived, the lines that he wrote, the lessons and truths that he taught were a legacy which are the choice possessions of us all and particularly of those who knew him intimately and loved him. Since that night "way back in the 80's, when I sat for nearly two hours under the spell of his charming presence in old Mount Vernon hall, I own the influence he has had upon my life; and although I never met him face to face, I have always felt that I knew him well. I often recall that evening. The hall wasn't over-crowded; it was as though a large number of neighbors had come together to listen to one whom they knew could express their hopes and tell them something about old Ireland and her people which they might already know very well.

O'Reilly didn't lecture—his was simply a plain, unconventional talk, yet full of pathos and humor. There were times when he had women fairly sobbing with joy as he would relate a story that none but Irish-born could best appreciate. He would take his audience to a corner of Cork, Killarney or Kerry and draw a domestic picture which would make the tears come to the eyes of old men and women, whose feelings finally found vent in audible cries. His recited poetry in description of certain scenery and local happenings—one in particular, I remember two lines of:

"The sojers ran this way—the people ran that,  
An' Father O'Toole lost his new Sunday hat."

Although he had suffered from the hands of the British government, I recall that his allusions to his imprisonment and exile possessed no bitterness.

Boyle O'Reilly may not have been a great poet, yet he has written things that will never die; but he was greater than most of the poets we call great. Whatever he wrote was dedicated to truth, to God and humanity—a trinity which no man ever served more loyally. Only today a gentleman with whom I was speaking about O'Reilly said:

"What impressed me about Boyle O'Reilly was his cosmopolitan nature and his absolute kindness of heart. I envy those who were privileged to associate with this man; yet something emanates from such a spirit to us who never met him face to face which we may receive; for we are not his brothers, too, he of whom Collins

achieve dramatic success in this play which she herself wrote, but she supplements it with a wonderful display of her personal accomplishments. "For the Commonwealth," the ninth episode of the life problem serial "Who Pays" is of a more serious nature, illustrating one of the most vital and important questions of life. The side-splitting Burns and Stoll comedy will also be shown for the last time, and this will also be your last opportunity to see the interesting Pathe News. For

the next three days of this week the management has secured the engagement of the well known Fanny Ward in the five-act Paramount picture, "The Marriage of Kitty."

It is claimed that women are superior to men in the making of certain parts of a shell because their fingers are more supple than men's, a result of long hours with the needle.

## AMUSEMENT NOTES

**B. F. KEITH'S THEATRE**  
For highly dramatic situations, action and an artistic interpretation in picture form, nothing can excel the presentation of "Greater Love Hath No Man," which will be given the first three days at Keith's. Ernest Corrigan, the eminent American actor, seen in the leading role and his work is flawless. Supporting him is a cast of picture stars that compares favorably with the best seen on any screen, while the scenic effects are wonderful creations and contribute largely to the success which this picture play has enjoyed all over the country. The program includes several other excellent reels of recent release. For the last three days, commencing with matinee on Thursday, the feature presentation will introduce Ann Murdock in "A Royal Family," Miss Murdock, raised to stardom last season on the dramatic stage by Chas. Frohman because of her splendid ability and popularity acquired in productions in which she appeared, is now a Metro star, and shares with other stellar lights of the motion picture world an enviable reputation. You'll enjoy her work in this latest output which shows her for the first time as a screen star.

**OWL THEATRE**  
Another Mutual Master picture will be shown today and tomorrow on the Owl theatre program. Miss Bessie Barriscale will be featured in Thomas H. Ince's latest effort, called "The Making of a Man," a delightful comedy drama of school life—a girl's school. The outline of the story tells of Miss Doris Willard, a devoted Irish country girl, who falls in love with the picture of "Bullet" Dick Ames, a football star of a man's college. In a fit of romantic inspiration, she writes herself a letter, a supposed letter to him from Dickey, in which he should ask her to be his wife. Her folly is found out by the "game" who plan to make her a greater laughing stock than ever, and accordingly, they figure out the new scheme, but Dicky had not counted on the little girl with the shaft and the arrows, and a delightful finish to a highly amusing episode of school life, marks the finish of this dandy new Mutual Master picture. A Mutual cast of best players assists Miss Barriscale in the film play. Five other films, including a Keystone comedy will also be shown these two days. Coming Friday, "The Secretary of Frivolous Affairs."

**CANONIE LAKE**  
"The Sinking of the Lusitania" is being brought back vividly to mind at the Canonie Lake Park theatre this week where the big vaudeville program that is being offered includes the famous "Lightning Weston," the rapid-witted picture artist who has been appearing in all of the principal vaudeville theatres of this country, and including this remarkable picture among many others of almost equal interest. Because of his lightning-like rapidity in drawing his different subjects, he has acquired the name Lightning Weston. His engagement at Canonie promises to be one of the big hits of the show, or at least one of them.

Nlada and company, is another of the big acts included, a big spectacular novelty, introducing to the world's greatest toe dancer in some of the most artistic interpretations of the classic dances.

Fun, merriment and an abundance of cherry songs are introduced in the act of Melvin and Thateher, "The Baseball Kings," and from the first to the last of their exciting act there is not a minute when the audience are not with them in heart and spirit.

Miller and Kent in their breezy bit, "Rocky Numbers," did still further to the enjoyment of the big program.

The program closes with a few selected photoplays which add just that variety that is needed to complete the entertainment of the big program.

The dance hall will have its attractions this evening when the Elite quartet will offer a repertoire of new selections during and between the dances. The dining room is offering special dinners daily at reasonable rates.

**MUNICIPAL CONCERT**  
The Sixth Regiment band, Z. I. Bonnet, chief musician, will give a municipal band concert on the grounds of the Highland club in Princeton st. this evening and the following program:

March, Pilgrim Commandery No. 2  
K. T. Overture, If Quarry  
Popcorn Numbers  
a—In the Shadows of the Palms  
b—Trombone Solo  
Selection from the Wizard of the Nile  
Descriptive, A Hunt in the Black Forest  
c—Trombone Solo  
Chas. S. Sturtevant  
Popular Medley, Bits of Remick's Hits, 1915  
Excerpts from "Trovatore"  
Excerpts from the Comic Opera Chin Chin

## J. F. SAUNDERS MEMORIAL

### Shrine Dedicated to Sacred Heart at Notre Dame Grounds in Tyngsboro—The Exercises

One year ago yesterday, John F. Saunders, probably one of the cleverest business men in the country and a native of Lowell, passed away very suddenly, his death shocking the entire community, and yesterday the beautiful grove erected by his widow, Mrs. Alice F. Saunders, at the grounds of the Notre Dame sisters in Tyngsboro, was dedicated in the presence of more than 200 persons, including former pupils of the Notre Dame academy, relatives and friends of the deceased.

The dedicatory exercises consisted of singing of hymns by 45 sisters, members of the Notre Dame community, accompanied by four violinists playing a Notre Dame sister and Misses Madeline Sullivan, Blanche Walsh and Eleanor McAdoo, with the blessing of the grove and benediction of the blessed sacrament given by Rev. Timothy P. Callahan of St. Patrick's church. Special permission was given Mrs. Alice F. Saunders for the open air service by His Eminence, Cardinal O'Connell.

As early as 2 o'clock the relatives and friends of the deceased began to arrive, some by trolley and others by auto and by the time scheduled for the opening of the exercises, at 3 o'clock, there was quite a large gathering. The sisters of the community were active in welcoming the arrivals and showing them around the attractive grounds. Shortly before 3 o'clock the crowd assembled around the beautiful grove, which is situated in the midst of hundreds of stately pines on the side of a hill sloping down to Upton pond. The exercises opened with the community rendering the hymns, "He is Pleading" and "Heart of My Jesus." The scene was one long to be remembered by the sisters of the community in their usual habit and the relatives and friends of the deceased kneeling in front of the grove on whose altar, rows of flowers were burning, and an array of beautiful flowers and plants. After the singing of the hymns Rev. Fr. Callahan delivered a very touching sermon speaking in part as follows:

"It is fitting and proper my friends that you should gather here today to attend the dedication of the shrine erected to the Sacred Heart in memory of a man whose name was so high in the community. The dedication of the shrine to the Sacred Heart is also most fitting, as promoting this beautiful devotion. The Catholic church honors the Sacred Heart because it is the heart of God. Some men deny that Christ was divine, that he was God but the loyal Catholic stands firmly in his love and devotion to the Sacred Heart."

"Just as there were angels in heaven who refused to serve when ordered by God to bow down to the son and were cast into hell forever, and likewise many who did obey and were glorified, so too, there are men in the world today who take the Sacred Heart for their deity and others who forsake it. The man to whose memory you have dedicated this shrine was one of those who always had that heart for his inspiration, and he went around, as the owner of the heart doing good. Let us follow his example. Let us, who have so well dedicated this grove today, follow him and keep steadfast our devotion to that great heart."

Benediction of the blessed sacrament followed the sermon. James O'Sullivan, son of the well known shoe merchant, serving as acolyte. During the service the four violinists

played the "O Salutaris" and "Ave Maria." At the conclusion of the service the mass rendered "Agnus Dei" and then "Hail Mary" was sung by all present. The singing of the latter hymn closed the dedicatory exercises.

The majority of the guests present were from Lowell, but there were a few from out-of-town, among whom can be mentioned Mr. Maurice Mahoney and daughter of Lawrence; Miss Rose Egan of South Groveland; Miss Marie O'Donohue of New York and Miss Mollie Remmes of South Lawrence. Among the local people present were: Mrs. Alice F. Saunders, Chief Edward F. Saunders of the fire department, Patrick O'Hearn, Matthew Mahoney, M. D., Miss Statia Downing, Miss Marjory Marren, Miss Helen Groves, Miss Almira Groves, Miss Louise McSorley, Miss Anna McSorley, Mrs. Thomas Lawler, Miss Winifred Baggett, Miss Barbara Martin, Miss Anna Lawler, Miss Ford, Miss Madeline Sullivan and many others.

The shrine is the work of the well-known contractor and builder, Mr. Patrick O'Hearn of Lowell. It rests on the triangular plot guarding the entrance of one of the pine groves, a lovely and appropriate spot and one seemingly marked out by Nature itself for such a hallowed purpose. It is built after the Cuban design of groves, save that instead of the characteristic grassy mound cover barring the light, there is an opening through which the radiance glancing through the trees falls upon the beautiful life-sized figure of the Montmartre Sacred Heart.

The shrine is the first of its kind in this section is a fitting memorial of a devoted husband and father and a worthy testimony of the loyalty and enduring affection of his faithful wife.

### SUN BREVITIES

Best printing, Tobin's, Asso. Bldg.  
Goodie's delicious, healthful Dandelion, for sale at all soda fountains.  
The Lawrence Newsboys' Protective association held their annual outing at Canobie Lake park yesterday.

Joseph Stone, Patrick Murphy and James Briggs, three young men residing at Merrimack, Mass., passed through this city and stopped to visit friends yesterday afternoon on their way to their home after a bicycle trip to the White Mountains.

### MATRIMONIAL

James McDowell and Miss Mary E. Roach were married Monday noon at St. Patrick's rectory, the ceremony being performed by Rev. James J. Kerrigan. The best man was Bernard Roach, while the bridesmaid was Miss Katherine Delehaney. At the close of the ceremony a reception was held at the home of the bride, 210 Adams street and in the evening the happy couple left on an extended honeymoon trip to New York and other points of interest in New England. They will make their home at 210 Adams street.

### FIRE ON HOWARD STREET

A slight fire in a closet in a tenement occupied by a Cohen family at 115 Howard street was responsible for a telephone alarm at 11:30 o'clock today. Engine 2 and the Protective company responded and quickly extinguished the blaze. It is not known what caused the fire. There was no damage.

### CITY HALL NEWS

Continued

The sales as advertised for Tuesday will be for four per cent. "water protection bonds," four per cent. "school-house bonds," four per cent. "sewer bonds," and four per cent. "sidewalk bonds." Both principal and interest on all of the issues will be payable at the First National bank of Boston. In negotiating for the sale of city bonds the banks demand a debt statement. The statement issued in connection with the bonds in question is up to Aug. 10. The statement:

Population 1910, 106,224.  
Assessed valuation 1912, \$4,757,448.30  
Assessed valuation 1913, \$7,277,643.37  
Assessed valuation 1914, \$9,550,551.00

Less abatements to Nov. 1, 1914, 1,151,546.85

Average valuation for years 1912, 1913, 1914, \$6,844,667.47  
Total bonded debt (including these issues), \$4,244,591.20  
Deductions:

City hall bonds, \$450,000.00  
High school bonds, 150,000.00  
School house bonds, 200,000.00  
Water bonds issued 1906, 1,000,000.00  
Water bonds issued 1908, 415,000.00  
(including \$115,000 water protection bonds now offered)

Trust fund bonds, 10,000.00

Total debt outside debt limit, \$2,285,590.60

Net debt debt, \$1,555,791.20  
Sinking funds applicable, \$450,000.00  
Sinking funds applicable, \$714,965.29  
To other debts outside debt limit, 635,733.06

### Change in Tax Books

A new system of bookkeeping has been inaugurated in the assessors' office, a change from the old alphabetical system. William J. Kearson, clerk and secretary in the assessors' department, has been contemplating the change for four or five years, but it was quite an undertaking and he was a little bit afraid of it. He finally decided to tackle it and while it meant a great deal of extra work, and very fussy work, too, the worst is over and the system is now practically in working order. The system includes both property and poll assessments. The simplicity of the arrangement is what appeals to one. It under the old system you called to find out about John Jones it would first be necessary to ascertain in what ward he lived and then you would look for John, but now if you look for John, the clerk behind the counter will turn to the 3 book, not necessarily meaning that Jones is a J, but he's registered in that book and anybody can find him. The alphabetical scheme is used in most of the larger cities and will undoubtedly grow in popularity as it becomes better known. It's a grand, good scheme.

The clerks in the assessors' office are busy these days on the extension of taxes in connection with the preparation of the assessors' books, as the taxes on valuation will eventually be written into the assessors' sheets.

### Breaks in Pump and Main

A break in the Holly pump at the boulevard and the main leading from the high pressure service leading from the reservoir on Monday caused housekeepers and others more or less annoyance in Belvidere on Monday, but the breaks were mended quickly and while they were not welcomed by the water department they served to demonstrate the great usefulness and advantage of a double main.

The new pumps have not yet been set up in connection with the filtration plant that is fast nearing completion. Commissioner Carmichael stated today that the new pumps would be installed as soon as possible and he expects to have the new filtration plant in operation by the latter part of September.

### Made 5137 Inspections

Chief Saunders of the fire department called on Commissioner Carmichael this morning and, at city hall this morning, and paused to remark that the fire department had been making inspection of stores and other buildings as is done in other cities. "Up to the first of the present month," said Mr. Saunders, "the fire department made 5137 inspections and hundreds of letters were sent out to owners of buildings, advising them to make certain changes and to remove from cellars, back porches, yards and fire escapes, certain inflammable materials, including bedding, excelsior, wood, etc. Most of the big places in the city have installed a sprinkler system and there are other places that ought to install them. The United States Cartridge company is putting in an automatic water and fire alarm system and most of the big stores are well protected so far as the sprinkler system is concerned. There are places, however, that are minus this protection and we have advised a number of owners to install the sprinkler system."

### New Fire Apparatus

The fire chief also talked fire apparatus with Commissioner Carmichael, who, by the way, is acting mayor in the absence of Mayor Murphy, who left the city today for Kennebunk beach, Me., where he will spend his vacation. Mr. Saunders showed the acting mayor a picture of the Dayton Fire-Engine, a motorcycle affair used by Mr. Saunders in a number of cities. The motorcycle has a tank with a capacity of 35 gallons and is of great service in case of brush, chimney or other small fires. Mr. Saunders thinks it would be ideal for the Westford street fire house. It costs \$1000.

### Alderman From Cambridge

Alderman Desmond of Cambridge was a visitor at city hall today. He came to Lowell for the purpose of getting some insight into the system employed in the charity department which the alderman had heard was ideal.

### Band Concert Sunday

The American band, it was announced at city hall today, will give a concert in Mt. Vernon park. The travels heights, on Sunday afternoon, at 2:30 o'clock.

### CARD OF THANKS

We desire to express our thanks to our friends and neighbors for their many acts of kindness and expressions of sympathy in our recent bereavement. In their hour of grief we had son and daughter, Albert, and for the beautiful tributes to his memory.  
Mr. and Mrs. William McKenzie  
Charles R. McKenzie  
William McKenzie, Jr.  
Herbert McKenzie  
Henrietta McKenzie  
Leo McKenzie  
Paul McKenzie

### LYNCHING OF FRANK

Continued

Dispirable light. I am going to endeavor to set you right. People throughout the United States have obtained their ideas of the Frank case from a poisoned and subsidized press and press reports.

"Common decency prevents me from telling you the revolting truths of the murder of Mary Phagan. I wish you all knew the truth as I know them. I know them, for I have been with this case ever since it started and I have read every line of evidence that was introduced. I know the police this was a member of the jury that tried Leo M. Frank who would change his decision if put to the test again. "Georgia is the leading state of the south. Its people cannot be classed with tramps, hoodlums, bandits and law-breakers, but things had come to a point where every avenue of the law had been exhausted and the judgments of the courts set aside by one man, and the people felt that it was up to them to take the law into their hands. "While we people of Georgia," continued Mayor Woodward, "deplore the deed of Monday night, we know what is behind the feeling that prompted it, and I want it understood that it is simply emphasizing the fact that when it comes to a woman's honor there is no limit we will not go to average and protect."

"There were only two people implicated in the death of Mary Phagan. I know the negro did not commit the deed and am positive that 75 per cent of the people of Georgia are convinced that the man lynched Monday night committed the deed and they are on the ground and ought to know."

"As mayor of Atlanta, I have received and requests asking that something be done for Frank, and they have gone into the waste basket, for, like all Georgia people who are in a position to get at the truth, I knew the facts. "I know Jack Slaton, have known him for 30 years, ever since he was a young man. I have been friends with him, and while I hate to say it, I would not advise him to return to Georgia for a year—if ever."

### INVESTIGATION ORDERED

ATLANTA, Ga., Aug. 18.—All the legal machinery available to Gov. Harris will be put into motion to apprehend the men who lynched Leo M. Frank at Marietta yesterday. Governor Harris so announced today when he came here from Fitzgerald, Ga., where he was attending a state Confederate Veterans' reunion. "This affair is shocking and I am going to have it investigated to the very limit of my power," said Governor Harris. He has not made up his mind exactly what will be done immediately. It is believed much will depend upon the findings of the Cobb county coroner's jury which adjourned to meet Tuesday after having a short recess yesterday. The governor had not decided when he reached his office whether a reward would be offered for apprehension of members of the lynching party.

E. L. Rainey, a member of the state prison commission, arrived here today from Marietta. With other members of the commission he was at the prison farm when Frank was taken away. E. L. Rainey, chairman of the commission, is of the opinion that nothing would be gained by an investigation of the events at the penitentiary. Mr. Rainey left Marietta early today, for Atlanta. Many in Marietta believe that plans similar to those which were successful Monday night were frustrated a month ago.

### BODY BEING RUSHED NORTH

CHARLOTTE, N. C., Aug. 18.—The body of Leo M. Frank passed through here at 10 o'clock this morning en route to Brooklyn, N. Y. Little later it was attached to the trip through Georgia and only a small crowd of curious gathered at the train here. Mrs. Frank was composed and bearing up well.

### PHOTOS OF HANGING BODY

ATLANTA, Ga., Aug. 18.—Men and boys at a thriving business yesterday selling photographs of Frank's body as it swung from a tree near Marietta.

### SUMMARY OF FRANK CASE

April 26, 1913—Mary Phagan murdered.  
April 29—Frank arrested.  
May 1—Conley arrested.  
July 28—Frank indicted for murder.  
Aug. 22-25—Frank on trial; convicted of murder.  
Oct. 3—Motion for new trial denied.  
Feb. 17, 1914—Supreme court of Georgia denies a new trial.  
Feb. 24—Conley convicted as accessory to the murder.  
March 7—Frank sentenced a second time.  
May 5—Second motion for new trial denied.  
Oct. 14—Georgia supreme court denies new trial, asked on constitutional grounds.  
Dec. 5—United States supreme court denies writ of error.  
Dec. 28—Justice Lamar gives hearing on writ of error.  
Feb. 26, 1915—United States supreme court hears Louis Marshall in Frank's behalf.  
April 13—United States supreme court refuses writ of error.  
May 18—Frank sentenced to death third time.  
June 9—State prison board refuses to interfere.  
June 21—Gov. Slaton commuted the sentence of Frank, who was removed to a prison camp.  
July 17—Frank attacked and nearly killed by fellow convict.  
Aug. 17—Taken from prison by mob and lynched.

## MORE MARINES LANDED

### DETACHMENT OF U. S. MARINES AT CAPE HAITIEN—REBELS REFUSED TO DISARM

CAPE HAITIEN, Haiti, Aug. 18.—Another detachment of American marines has been landed from the warships off this port. The rebels have refused to disarm and in some sections have expressed a desire to fight the Americans.

### PERSONALS

Mr. Haworth and Simon Dean, Jr., are visiting friends at Salisbury beach. J. Joseph O'Connor is at the Old Orchard house, Old Orchard, Mo.

Miss Mabel Sheehan of Butler ave., has returned after spending a delightful vacation at Old Orchard.

Mrs. Martin Phelan of Central st. and Miss Mary Reck of Riverside st. with a party of friends from Taunton will spend the next two weeks at Tiverton beach, R. I.

Miss Mary Weil and Miss Rosa Portek, daughter of Mr. Portek of Peveck's restaurant, are spending their vacation at the New Kelly hotel, Salisbury beach.

Miss Alicia E. Reilly of 516 Central street is the guest of Mr. and Mrs. Patrick McEvoy of Somerville. Before returning to Lowell, Miss Reilly will make an extended tour of the beaches.

Mr. and Mrs. E. W. Richardson of the Highlands are the guests of Mr. and Mrs. Harry Chase in Lebanon, N. H. They intend to make up a party of four and go by auto to the White Mountains.

### FUNERALS

PATENAIDE.—The funeral of Omer Patenaide took place yesterday afternoon from the home of the parents, 113 Talley avenue. High mass of requiem was celebrated at St. Louis church at 9 o'clock by Rev. J. B. Labrecque. The bearers were Omer, Henri and Louis Patenaide, Alfred Plourde, Alphonse Plourde and Arthur Monty. Burial was in St. Joseph's cemetery under the direction of Undertakers Amodee Archambault & Son.

APREGOITIS.—The funeral of Lazarus Apregoitis took place yesterday afternoon from the rooms of Undertaker Albert in Aiken street. Services were conducted in the Holy Trinity church. Burial was in St. Patrick's cemetery.

ROPER.—The funeral of Mrs. Ann Roper was held from her home, 135 Warren street, yesterday afternoon. Rev. N. W. Matthews, pastor of the First Methodist church, conducted the service. The bearers were George W. and William A. Roper, William and David E. McGracken. Prayers were read at the grave by Rev. Dr. J. B. Racette. Burial was in St. Joseph's cemetery in charge of Undertaker John A. Weinbeck.

BUTMAN.—The funeral of Josiah M. Butman was held from his home, 11 Cornhill street, yesterday afternoon. The service was conducted by Rev. Herbert E. Benton, pastor of the Grace Universalist church. The bearers were Messrs. Thomas Braden, Daniel W. Parker, John W. Tucker, Mr. and Mrs. Willey. Burial was in the Fairview cemetery in charge of Undertaker John A. Weinbeck.

POULIOT.—The funeral of Edward Pouliot was held yesterday afternoon from his home, 25 Dana street. The services were conducted by Rev. Edward Ramette, pastor of the French parish church, assisted by Rev. J. H. Paradis. The bearers were Samuel Pouliot, Henri Pouliot, Adolphe Pouliot and William Pouliot. The floral offerings included: Pillow inscribed "Father," children; cross on base, employees of Lawrence Mfg. Co.; and tributes from Mr. and Mrs. Binette and Mrs. Minnie Binette. Burial was in St. Joseph's cemetery, where prayers were read by Rev. Mr. Ramette. The funeral arrangements were in charge of Undertaker John A. Weinbeck.

LEWIS.—The funeral services of Mrs. Hattie A. Lewis were held at her home, 59 Sixth street, yesterday. The services were conducted by Rev. J. F. Carlson, pastor of the Central Methodist church. Mrs. A. B. Symonds sang appropriate selections. The body was sent to Saco, Maine, for burial in the family lot in the Fairview cemetery. The funeral was under the direction of Undertakers Young and Blake.

MULVAGH.—The funeral of James

## GREAT BASEBALL PARK

### Braves' Field Dedicated Today—Pennant Won in the World's Series Unfurled

BOSTON, Aug. 18.—Braves' field, the greatest baseball park in the country, will be opened this afternoon at the new home grounds of the Boston club of the National league. Prior to the game with St. Louis, the pennant won by the Braves in the world series with the Philadelphia Athletics last year will be unfurled. It will mark the dedication of the grounds, President Gaffney said today, to the 1914 team.

The new grounds, which are situated on Commonwealth avenue in the Allston district, contain at the same time the most numerous seating arrangements ever installed in a baseball park and the most extensive playing field that ever staged a baseball game. Emergency stands will accommodate 20,000 more if needed and provision

has been made for double-decking the grandstand, adding 10,000 seats to the park's capacity.

### Concrete Stadium

A concrete stadium of vast reaches, sweeping in a great circle almost from foul line to foul line, with tier after tier of seats rising in gradual ascent from the playing surface 15 feet below street level, the grandstand will accommodate 15,000 persons. Pavilion in right field and in left contain seats for 500 persons each and in right field is a stand for the "beachcombers" holding 530. All the stands are of concrete and the plant is walked about with the same material.

An idea of the size of the playing field may be gained from the fact that the wall in left field is 385 feet from home plate; that in right field it is 600 feet away, and extreme centre field is 450 feet distant from the batter's box. To drive a home run beyond the bounds is a feat to challenge the heaviest hitters of the game.

### Walpole St. Diamond Transplanted

Within this modern baseball theatre is a little link connecting the Brave with their less pretentious home of the old diamond is that sacred spot, the Walpole street diamond, its old place at the Walpole street grounds, its soil still firm and thriving after being transplanted to the new field.

Murtagh took place from his late home, 159 Chapel street this morning at 9 o'clock. At 9 o'clock a high mass of requiem was sung at St. Peter's church, by Rev. W. George Mullin. The bearers were: Frank Kane, John Welch, Thomas Coleman, John Flinn, John Gleason, and William Eastham. The floral tributes included a pillow inscribed: "Uncle Jim" from Eastham children, and pieces from Mrs. Jennie Gleason, and under the direction of Undertakers Higgins Bros.

### SOUZA.—The funeral of the late Frank C. Souza, who died from injuries received in a motorcycle accident, took place yesterday afternoon at 8 o'clock from his late home, 52 North street. The funeral cortege proceeded to St. Anthony's church where at 9 o'clock a high mass of requiem was sung by Rev. Joseph A. Z. Aparicio. There were many floral tributes, among them being a pillow inscribed "Brother," from brothers; tablet inscribed with clock from sister. Others who sent flowers were Mr. and Mrs. Rev. Joseph Bolduc, O. M. L., and Rev. Joseph Denis, O. M. L., and deacon and sub deacon. The bearers were Charles Dupras, George Gagnon, Antoine Marchand, Elise Marchand, Pierre Masse and Severin Dumont. The dedication from the Lowell lodge of Moose was as follows: John B. Curtin, Thomas Hunt, Harry N. Norris and Thomas Doherty. Among the floral offerings was a large pillow from the Lowell lodge of Moose and tributes from Mr. McDonald and the Hudson family. Among the floral tributes were: Attending the funeral were Joseph Laviolette of Montreal, Que., Mrs. Leclerc of Cornwall, Ont., and Mrs. Virginia Blanchette of New Bedford. Burial was in St. Joseph's cemetery, where the communal prayers were read by Rev. Rosario Jalbert, O. M. L. Funeral arrangements were in charge of Undertaker Joseph Albert.

### APREGOITIS.—Lazarus Apregoitis died Monday evening, Aug. 16, at the St. Mary's infirmary, Tewksbury, after a lingering illness. His body was removed to the rooms of Undertaker Joseph Albert in Aiken St.

### DEATHS

STEELE.—Died in this city, August 17th, 1915, at his home, 356 Woburn street, Thomas Steele. Funeral services will be held at his home, 356 Woburn street, on Friday afternoon at 2:30 o'clock. Friends are respectfully invited to attend. The funeral arrangements are in charge of Undertaker William B. Saunders.

LOMBARD.—Gregory Lombard, infant son of James Lombard, died yesterday at 161 Washington street, Hyde Park, aged 2 months. The body was brought to this city and taken to the rooms of Undertaker Peter H. Savage.

SALE OF 4 PER CENT CITY  
BONDS ON TUESDAY NEXTCoupon Bonds Will Total \$71,000  
—New System Installed in the  
Assessors' Office

A sale of city of Lowell bonds will be held next week. The bids will close at 10 o'clock Tuesday forenoon. Last year the best rate the city could get, it appears, was five per cent, and because of the high rate of interest it was deemed best to make a one year loan and reissue it this year. The amounts were \$30,000 for the high school annex, a 20-year loan; \$15,000

for the purchase of land for the water department, a 30-year loan; \$20,000 sewer loan, 20 years, and an \$8000 side-walk loan for two years. The \$30,000 school loan has been reduced from \$30,000 to \$28,500 by taxation and a reduction of \$500 had been made in the water department loan, the \$500 coming out of the revenue of the department.

"JUST PENALTY FOR AN  
UNSPEAKABLE CRIME"Mayor of Atlanta Defends Lynch-  
ing of Frank—Warns Slaton to  
Keep Away—Investigation

SAN FRANCISCO, Aug. 18.—J. G. Woodward, mayor of Atlanta, Ga., in an address here last night declared that Leo M. Frank, who was lynched Monday night, suffered the "just penalty for an unspeakable crime." The Atlanta mayor at the same time warned former Gov. John M. Slaton, now in California, not to return to Georgia.

Mayor Woodward's address was made

at a banquet of the California State Assessors' association. Little or no applause greeted his remarks, although he was listened to with close attention.

In the course of his speech, Mayor Woodward said:

"I am going to take occasion tonight to tell of the events that have put Georgia on the map in a very unpleasant manner."

## TO FORM MARINE LEAGUE

TO AROUSE NATION TO NECESSITY  
OF AMERICAN MARITIME DEVELOPMENT

CHICAGO, Aug. 18.—For the purpose of "arousing the nation to the necessity of American maritime development," an organization to be known as the National Maritime League is being formed by James B. Forgan, president of the First National bank.

Representative business men of the middle west have been enlisted in the movement and are seeking to enroll the leaders in the biggest commercial enterprise in the country. Plans have been made to raise a campaign fund of \$125,000. It is proposed that the central federal reserve banking district be represented by 150 members, each of whom has been asked to subscribe \$250. Branch leagues are to be organized in each of the 12 federal banking districts.

The invitation sent to business men to join the league asks that the proposed members "aid in an effort to rectify the greatest handicap to the growth of commerce of the country, the lack of a merchant marine."

"The league proposes," the announcement adds, "to rouse the nation to the necessity of American maritime development, with the consequent expansion of foreign trade as the greatest factor in increasing the country's wealth. Everyone is to be taught that this expansion is a question of personal welfare, as the only trade bringing new money into the country."

## GARRANZA WILL DECLINE

WASHINGTON, Aug. 18.—Gen. Carranza, within a few days, will reply to the Pan-American appeal to Mexico. It was learned last night. He will reject the peace conference proposal urged by Sec. Lansing and is Latin-American diplomats, and it is reported, will suggest that the conference use their influence to obtain recognition for his government from their republics.

## DECLARE EXTRA DIVIDEND

NEW YORK, Aug. 18.—Directors of the Cuban-American Sugar company today declared an extra dividend of 5 1/4 per cent. on the preferred stock in addition to the regular quarterly dividend of 1 3/4 per cent. The extra dividend wipes out all deferred payments on the preferred stock.

CHALIFOUX'S

## TELEGRAPHIC BREVITIES

ST. ALBANS, Vt., Aug. 18.—The annual convention of the grand lodge of Vermont, Knights of Pythias, was held here today.

LONDON, Aug. 18.—The sharp recovery in New York cable transfers to 4.69 and 4.70 cheered sentiment in the money market today.

LONDON, Aug. 18.—The Handelsblad of Amsterdam says that Dutch troops opened fire today, upon a German Zeppelin which sailed over Dutch territory.

RIO JANEIRO, Brazil, Aug. 18.—Pursuant to a recommendation of the president, a statute will soon be prepared providing for an issue of 350,000 contos, (\$191,000,000) paper money.

CHICAGO, Aug. 18.—Charles Jackson, an outfielder purchased from the Bloomington club of the Three I league, joined the Chicago Americans here today. He has made a reputation by his heavy hitting.

AUSTIN, Tex., Aug. 18.—The mid-night edition of the Houston Post says: "Texas City has suffered a severe blow as a result of the hurricane which swept the Gulf coast, an approximate damage of \$400,000 being done there, but only 18 lives were lost."

PETROGRAD, Aug. 18.—The winter palace of Emperor Nicholas at Petrograd has been closed into a hospital for the wounded, with 1000 beds. The row of gorgeous state chambers facing the Neva river is being used for wards.

NEWPORT, R. I., Aug. 18.—The players from the Pacific coast were much in evidence today as the field drew into the round preceding the semifinals in the Casino cup lawn tennis tournament.

BEAUMONT, Tex., Aug. 18.—Two relief trains with 800 refugees from Port Arthur arrived here last night. They described conditions there as distressing. Much of the town is under water, the water supply cut off and food scarce.

WASHINGTON, Aug. 18.—The weather bureau today issued this bulletin: Reports from southeast Texas are still missing, but a report 24 hours old from Houston via mail and telegraph via Taylor, Tex., states that the storm center apparently passed south of Houston early Tuesday morning.

HOUSTON, Tex., Aug. 18.—(By mail to Dallas, Aug. 18.) Though only one person, a negro, lost his life, Houston sustained a loss estimated at from two to five million dollars in the worst tropical storm known on the Texas coast.

WASHINGTON, Aug. 18.—The Villa agency here issued a statement today

318-324 MARKET STREET, COR.  
WORTHEN STREET.RUSSIAN FORTRESS FELL  
AFTER A FIERCE BATTLEKovno Taken by Storm—400 Cannon  
and Quantities of War Supplies are  
Seized—Next Move on Petrograd—  
British Gain in Dardanelles

Kovno, the strong Russian fortress on the Niemen at which the armies of Field Marshal von Hindenburg have been pounding heavily since the fall of Warsaw, has been captured by the Germans.

Berlin announced the taking of Kovno, together with 400 cannon and quantities of war material, "in spite of the most tenacious resistance by the Russians." German troops took possession of the fortress last night.

Military observers are questioning if the Russians, with Kovno in German hands will be able to hold the Brest-Litovsk line of defense in the general direction of which the Grand Duke Nicholas' armies have been falling back since Warsaw was taken. A Teutonic advance on Petrograd also is being discussed in Russia and England as a possibility.

Capture of two additional forts at Novo Georgievsk, with twenty cannon and 600 prisoners, is reported by Berlin which also declares that Field Marshal von Mackensen, on the south front, has driven the Russians across the Bug.

On the western front, in the Vosges, German attacks on positions the French had taken on the crest of the Sonnerach were repulsed, Paris reports. The official statement from Berlin declares the French were driven back at Sonnerach, only a small and completely demolished trench section remaining in their hands.

The British steamer Bonny, the Spanish steamer Isidoro, the Norwegian steamer Rumbus and Mineral and a trawler, have been sunk, presumably by German submarines. Only

part of the crews of the Bonny and the Isidoro are accounted for. Those of the other vessels were saved.

British Gains in Dardanelles

From the Dardanelles Gen. Sir Ian Hamilton reports an advance of 500 yards by the British left flank at Suvla on the Gallipoli peninsula.

Rome announces that Italian mountain troops in squads joined by ropes, crossed the high mountain passes and climbed and occupied Turckett Spits and Hinder Madatash Spits, each about 10,500 feet high.

Italian advances are claimed in upper Reinz, in the Monte Nero section and in the Tolmino zone. In the last named section, according to the official

## 10 KILLED IN ZEPPELIN RAID

LONDON, Aug. 18, 3.03 p. m.—The outskirts of London were raided last night by Zeppelins.

Ten persons were killed in the air raid and 36 injured. One Zeppelin is believed to have been hit. The air raid was over the eastern counties of England.

A Central News despatch from Amsterdam says four Zeppelins were sighted passing over the islands of

Vlieland and Vlieringer, off the Netherlands coast. The dirigibles were sailing from the east in the direction of the English coast. The hour of their appearance is not stated.

The statement given out by the official press bureau said:

"Zeppelins visited the eastern counties last night and dropped bombs. Anti-aircraft guns were in action and it is believed that one Zeppelin was hit."

"Air patrols were active, but owing to the difficult atmospheric conditions the Zeppelins were able to escape."

"Some houses and other buildings including a church, were damaged."

"The following casualties have been recorded:  
"Killed—men, 7; women, 2; children, 1.  
"Injured—men, 16; women, 18; children, 3.  
"All the above were civilians."

## MANY LOST IN STORM

Nearly One Hundred Killed and  
Property Damage Estimated  
at Millions in Texas

DALLAS, Tex., Aug. 18.—Nearly a hundred lives were lost and millions of dollars worth of property destroyed in the West Indian hurricane that swept the Texas coast yesterday and the day before, according to information received today from the stricken districts which have been cut off from wire communication with the outside world. Up to now no definite news concerning loss of life had been received from Galveston, which is believed to have been hardest hit.

A newspaper man who got within sight of Galveston said the evidence of destruction that met his eyes indicated that the damage there would exceed that of the 1900 storm.

At Texas City from 12 to 15 soldiers and 30 civilians were killed according to reports published in Houston papers that reached Temple and San Antonio today. A report that the bodies of eight women washed ashore at Texas City were believed to have come from Galveston, gave the only detailed information of loss of life in the latter city.

The damage to cotton will be from 15 to 25 per cent of the entire crop of central Texas and will cost the growers millions of dollars, according to estimates based on reports received in Austin from towns in central Texas.

## BODIES OF EIGHT WOMEN

AUSTIN, Tex., Aug. 18.—According to the Houston Post's story of conditions at Texas City based on an interview with E. V. Rhodes, who brought the Texas City appeal for aid to Houston, the bodies of eight women were found washed ashore at Texas City Tuesday.

These bodies are supposed to have come from Galveston. In 1900 many bodies from Galveston washed up at Texas City.

## RUSH AID TO SUFFERERS

AUSTIN, Tex., Aug. 18.—While state militia officers sought to communicate with Galveston today, tents, blankets and cots were ready in the adjutant-general's department for shipment to Houston or Galveston for the use of the storm refugees as soon as the needs of the sufferers can be ascertained.

Gov. Ferguson took up the subject of relief for Galveston with the adjutant-general's department.

## GREAT SUFFERING IN GALVESTON

GALVESTON, Tex., Aug. 18.—(By wireless from U. S. transport Buford.) There is considerable suffering in this city. The water system, lighting system, gas and street car systems are out of commission. There is no drinking water in the city.

Three hundred feet of the causeway has been destroyed. All officers, classified employees, enlisted men and their families are safe. (This refers to garrison at Fort Crockett.)

## FOUR KILLED; MANY HOMELESS

BEAUMONT, Tex., Aug. 18.—Three men and one woman killed, almost the entire population of Port Arthur made homeless and property damage estimated at more than \$200,000 constitutes the toll of the tropical storm Monday night.

## CARRANZA PRAISES PRES. WILSON

WASHINGTON, Aug. 18.—"May I assure you, and through you the American people, that I have for the president of the United States, his government and the citizens of the United States the highest regard and sincerest friendship, and I am quite sure, if they knew my plans and purposes they would give me their fullest sympathy and their cordial appreciation."

Dr. Henry Allen Tupper, special peace commissioner in Mexico, of the International Peace Forum who arrived in Washington today from Tampico, said the foregoing message was given to him by Gen. Carranza, who was anxious to have it delivered to the American people.

"As to the outcome of the Pan-American appeal for a peace conference," said Dr. Tupper, "Gen. Carranza is very sensitive regarding interference in the internal affairs of his country. Within Mexico hope for peace lies with Gen. Carranza's party."

## BROTHER OF GEN. GONZALES

AND 22 OTHERS EXECUTED

EL PASO, Tex., Aug. 18.—A report reaching here today from Chihuahua City stated 23 executions took place there Sunday. Among those said to have been shot was Aureliano Gonzalez, brother of Gen. Pablo Gonzalez of Carranza's staff, according to Mrs. Gonzalez, who arrived here yesterday.

George C. Carothers, special representative of the state department, has asked the Villa government for an explanation of the reported executions.

## CATHOLIC FEDERATION

TOLEDO, O., Aug. 18.—The 1916 convention of the American Federation of Catholic Societies will be held in New York city. This was determined at the closing session of the convention here this afternoon.

John Whalen of New York, president and Anthony Matre of Chicago, were re-elected, Matre for his 11th consecutive term. J. T. Brennan, Boston, was chosen sixth vice president.

## BASEBALL RESULTS

American-New York-St. Louis game postponed, rain. Double header Thursday at Pittsburgh. (First game) Pittsburgh 3, Lawrence 0.

THREE ARE INJURED  
IN AUTO COLLISIONAuto Struck Motor Truck at  
Tewksbury — Goodhues of  
Rhode Island the Injured

Three were injured, one quite seriously, and two or three others were given a bad shaking up when an automobile on its way to Lowell collided with a big motor truck on Main street, Tewksbury, at 1:15 o'clock this afternoon.

The injured are Mr. Joseph Goodhue, 69, Mrs. Georgiana Goodhue, 69, and Fred Goodhue, 18, all of Pawtucket, R. I. The injured were removed to the state hospital in Tewksbury and the doctors there stated that only Mrs. Goodhue's injuries were serious. She is in bed and is being watched by the physicians who fear she sustained internal injuries. Joseph Goodhue and Fred Goodhue had their wounds dressed and are up and around. The elder Goodhue sustained contusions of the body, face and hands, one of his fingers being badly lacerated. Fred Goodhue got away with slight cuts about the lips and nose. There were two other passengers in the car, Arthur Goodhue, who was driving, and Yvonne Costa, neither of whom was hurt, though they suffered more or less from the impact.

The collision occurred at a point between Folsom's farm and Livingston street, on Main street. The big truck was owned by C. P. Harvey Co. of Boston and operated by a man who gave the name of Spencer. The driver of the truck was knocked from his seat and suffered a sprained wrist.

Eye witnesses to the accident, said that the automobile driven by Arthur Goodhue was on the right side coming toward Lowell and that the truck was on the left, or wrong side, going to Boston. The drivers of both machines endeavored to prevent the collision but were unable to, though they did succeed in decreasing their speed more than half. Arthur Goodhue said he thought every moment that the driver of the truck would get over on his right side and when he decided, he said, that the man was going to continue on the wrong side, he, Goodhue, turned for the other side but could not escape the truck. The touring car was badly damaged, while the truck showed little signs of the collision.

## LOWELL IN THE LEAD

Uncle Munn, Lowell's first baseman who recently arrived here from Macon, Ga., thought he'd struck a winter league when he went upon the diamond today, for a cold wind was blowing that made players and spectators alike feel frosty, and those who brought their overcoats showed good judgment.

Arthur Irwin, who produces big league prospects, in addition to running a ball team was the attraction, with his Levitation team, which includes Becker, who proudly wears a "Red out to Raynham" tag having been disposed of to New York. Arthur's other end of the season, Catcher Holmes who lasted long enough in Boston to permit the management to get a good look at him is at present behind the bat in Lynn. Here's hoping that Becker remains long enough in New York to get on first base, for then he'll show them he can run. The only difficulty is that they may can him before he gets on first, which would be a mild calamity.

The lineup:

Lowell	Levitation
Sweeney rf.	De Becker cf.
Stimpson lf.	De Becker 3b.
Stimpson 1b.	De Becker 2b.
Dee ss.	De Becker 1b.
White 3b.	De Becker 2b.
Ahern c.	De Becker 1b.
Lohman c.	De Becker 1b.

Whittaker and Lohman were the opposing mound artists at today's game, which was laddied by Harry Aubrey umpired. Becker opened the game for Levitation with a infield hit. McCarthy fled out to Sweeney as Becker was trying to steal second, but Becker beat out the throw back to first. Becker then stole second. Prysock fled out to Stimpson. Tierney hit across second base for a single, but Dee, knocking the ball down with one hand, made a great throw home and caught Becker on his way to the plate and Becker was called out.

The home team showed a lack of respect for Whittaker in the very first inning by clouting him for three hits which netted the home team two runs. Sweeney and Moulton were easy outs. Then Stimpson got a single to left field. Barrows repeating Paddy Green's performance in Monday's game, drove the ball to the center field fence for three bases, scoring Stimpson. Dee singled to left field and Barrows scored. Munn hit to McCarthy and died at first.

In the second DeNoville hit to Lohman and died at first. Fraher struck out. Ritter hit to Dee and was out at first.

Lowell's half was equally short. White knocked a fly to Foster. Ahern hit a grounder to McCarthy and was out at first. Lohman hit to Whittaker, and was thrown out at first.

Foster fled out to Stimpson in the third. Whittaker struck out, and Becker fled to White.

In Lowell's half Sweeney hit to Ritter and went out at first. Moulton sent the ball away over Fraher's head to the right field fence for a three bagger. Alie then tried to squeeze home but Stimpson muffed the ball in trying to hunt and Moulton was run down the line and tagged out. Stimpson hit to McCarthy and was out at first.

The visitors got as far as second base in the fourth. McCarthy got a base on balls and then went to second when Prysock hit to Lohman and went out at first. Dee and Moulton had McCarthy on the jump off second base but he got no farther for Tierney fled out to Moulton and DeNoville hit down the first base line to Munn.

Barrows in the fourth hit a hot one through Prysock for a single. Dee attempted to bunt but foul-fled to Foster. Munn hit to Prysock forcing Barrows at second. White hit to Ritter for a single. Ritter handled Ahern's grounder and threw him out.

Fraher and Ritter both hit grounders to Moulton and went out in the fifth, while Foster fled out to Barrows.

Sweeney reached second base in the fifth on a single and a stolen base, but there was nobody to bring him home.

If you want help at home or in your business, try The Sun "Want" column.

## GERMANS CHEER BRITISH NAVY

COPENHAGEN, Aug. 18, via London, 12:14 p. m.—German cheers for men in the British navy is an unusual war time incident reported from the North sea by the captain and crew of the German trawler Gudrun, belonging in Altona which has just arrived at Esbjerg.

The captain, relating the experiences of the trawler, said that the Gudrun was stopped in the North sea by a British squadron. He promptly gave his boat ready and distributed life belts, believing his ship was certain to be sunk.

When the British seamen reached the trawler the captain begged for time to take to the boats and admits that he took the British sailors at the short and pointed reply: "You can take the whole ship; we shall not harm you."

The captain adds that the British left amid the hearty cheers of the greatly relieved Germans.

## GENERAL MOBILIZATION

Militia officials of the state and Gov. David I. Walsh held a conference this morning relative to the general mobilization of the state National Guard and the date selected was Thursday, Aug. 26. The mobilization will be witnessed by governors from 36 states of the Union.

## REBUILDING IN EAST PRUSSIA

BERLIN, Aug. 18.—(By wireless to Sayville, N. Y.)—Among the newswires given out today for publication by the Overseas News agency follows:

"At the brick kiln on the private estate of Emperor William at Cadzand, immense quantities of bricks are being manufactured to help in the rebuilding of the devastated regions of East Prussia. Long trains, laden with building material donated by the emperor, are being forwarded daily."

"The first shipment of incapacitated German and Austrian soldiers, ex-changes or Russian soldiers, has left Prussia last night. The city streets and the ships in the harbor were decorated, and a reception was given by the authorities to the injured men, who went for joy."

## A Mystery Solved

Has the question of how much it would cost to equip your home with electric lights always remained a mystery?

Would you like to solve it?

We have prepared figures by which you yourself can readily determine the expense.

## TOWN OF DRACUT NEWS

## MUCH INTEREST IN THE COMING FAIR—PREMIUM LIST OUT—ARRANGEMENTS COMPLETED

The committee in charge of the coming fair to be held in Dracut on Sept. 15-16 under the auspices of the Middlesex North Agricultural society has completed arrangements as far as the premiums are concerned and the list can be obtained at the postoffice in the various towns surrounding Lowell or direct from members of the committee.

B. A. Clark is chairman of the general committee and the chairman of the sub-committees are as follows:

Sports, George H. Stevens; publicity, Thomas H. Varum; horses, Joseph P. Varum; poultry, Harry M. Fox; fruit, Chester B. Colburn; cooking, Mrs. Josephine M. Crosby; dinner, Albert N. Fox; flowers, Mrs. Sadie Colburn; preserves and pickles, Mrs. Annie F. Burnham; housework and fancy work, Mrs. Mayhew Carpenter; children's exhibit, Lewis E. McBratney.

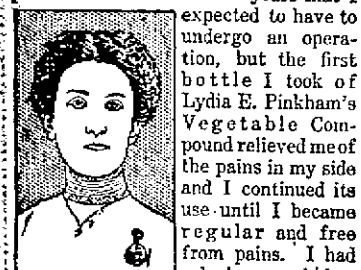

There will be no exhibit of cattle or swine this year owing to the quarantine regulations against the foot and mouth disease. Premiums amounting to \$40 are offered for the best horses, classes including family team, driving, matched driving saddle, farm horse and stallion. The sum of \$25 will be given in premiums for draft horses and \$30 for colts and ponies.

There will be prizes for apples, pears, peaches, plums, quinces, grapes and miscellaneous fruits. A special grand prize amounting to \$25 will be given for a display of fruit. Vegetable prizes amount to \$25, \$20 and \$15 for general displays. Prizes from 25 cents to \$1.50 will be given for the best white bread, brown bread, sponge cake, angel cake, sugar cake, doughnuts, apple pie, squash pie and mince pie. Prizes will also be given for pickles, canned fruits

## HOW WOMEN AVOID OPERATIONS

By Taking Lydia E. Pinkham's Vegetable Compound.

Cleveland, Ohio—"My left side pained me so for several years that I expected to have to undergo an operation, but the first bottle I took of Lydia E. Pinkham's Vegetable Compound relieved me of the pains in my side and I continued its use until I became regular and free from pains. I had asked several doctors if there was anything I could take to help me and they said there was nothing that they knew of. I am thankful for such a good medicine and will always give it the highest praise."

—Mrs. C. H. GUFFIN, 1568 Constant St., Cleveland, Ohio.

Hanover, Pa.—"I suffered from female trouble and the pains were so bad at times that I could not sit down. The doctor advised a severe operation but my husband got me Lydia E. Pinkham's Vegetable Compound and I experienced great relief in a short time. Now I feel like a new person and can do a hard day's work and not mind it. What joy and happiness it is to be well once more. I am always ready and willing to speak a good word for the Compound?"—Mrs. ADA WILK, 303 Walnut St., Hanover, Pa.

For over thirty years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacement, inflammation, ulceration, tumors, irregularities, etc.

and other catables. The prizes for flowers will be \$10 and \$5 and \$10 and \$5. Prizes amounting to \$50 are being offered for household fancy work, while the prizes for truck farming will amount to \$200. An additional list of \$200 in prizes will be given in the children's department.

The regular meeting of the Dracut grange was held Monday evening at the hall in Dracut with a large attendance. The coming fair was the topic of discussion and committees were appointed to work jointly with the members of the Middlesex North Agricultural society.

There were addresses by Dr. Emmanuel Pfeiffer, representative of the Middlesex district, who spoke on milk legislation; John H. Conley, master of the Middlesex Central Pomona. It was announced a meeting of the fair committee will be held on Aug. 22.

## WILL NOT BE ON BALLOT

NAME OF WILLIAM SHAW WILL NOT APPEAR AS A PROGRESSIVE IN STATE PRIMARIES SEPT. 21

BOSTON, Aug. 17.—The name of William Shaw, prohibition candidate for governor, will not appear on the ballot of the progressive party as a candidate for the gubernatorial nomination of that party at the state primaries Sept. 21. At 5 o'clock yesterday afternoon the time expired for filing with the secretary of state the nomination papers of the candidates for the various nominations.

The law requires that a candidate for governor must secure 25 names from each of four counties in the state. Mr. Shaw's papers contained signatures as follows: Essex county, 297; Worcester county, 261; Middlesex county, 484; Norfolk county, 91; Plymouth county, 116; and Suffolk county, 247. In other words, if Mr. Shaw had had three more certified names on his Suffolk county papers there would be no question as to his candidacy for the progressive nomination for governor.

The slip-up, or whatever it may be called, is said to have been due to the fact that the election commissioners of Boston found one set of Mr. Shaw's papers faulty and refused to certify the names.

## INDUSTRIAL and STORE NEWS

The labor forward committee, which is composed of delegates from all local unions, met in session last night in Trades and Labor hall, Middle street, with President Frank Warnock in the chair. Interesting reports were made of the recent meetings of the different labor organizations and of the progress made by the labor forward movement. It was stated that bakers, laundry workers and drug clerks were now well organized and well advanced. Various matters were brought up for discussion and arrangements were started for a meeting of the French citizens about October 1. All arrangements have been completed for the committee's float in the Labor day parade and novel and striking features are planned. It was

## SLEEPYTIME TALES

## A TRUE MOUSE STORY

Once upon a time Myra came home with her mother from a two weeks' trip to the seashore. Before they went Myra's mother had put a very large fern in the bathtub and had drawn a little water for it to stand in so that it would not wilt while they were away. It had been very dusty in the train and Myra's mother told her that she had better take a bath and then she could put on her pretty white dress and would feel fresh and sweet when her father came home. "Please, mother, let me not lit out the fern," said Myra. "I'll be very careful not to drop it." Her mother told her she could and Myra very carefully lifted the fern and put it on the washstand ready for her mother to carry out into the other room. How nice and cool the water felt to Myra, and she splashed around as she had done in the ocean and even tried to swim a little.

All at once Myra heard the leaves of the fern rustle and she looked up to see if the plant was solidly set on the washstand. Yes, there it was as steady as could be. Myra kept look-

## BURDETT COLLEGE

## Stories of Achievement—No. 3

ALICE H. GRADY, Burdett graduate 1891, has won distinction as confidential secretary to Louis D. Brandeis, Esq., lawyer-philanthropist. Interested in all movements which make for the welfare of the wage-earner, she is a member of the Advisory Council of the American Society for Thrift. As the financial secretary of the Massachusetts Savings Insurance League, she has contributed very largely to the success of the Savings Bank Insurance system in Massachusetts. She is a member of the Burdett College Lecture Board, president of the Burdett College Alumni Association, vice-president of the Women's City Club of Boston, one of the organizers of the Business Women's Club of Boston, and one of the foremost public-spirited women of the City and the State.

FALL TERM BEGINS TUESDAY, SEPT. 7  
The Burdett College courses are: Business, Shorthand (Pitman, Gregg, and Chandler Departments), Combined, Secretarial, Applied Business and Management, Normal, Civil Service, and Finishing. New pupils admitted every Monday and advanced individually.

A GOOD POSITION IS PROVIDED EVERY GRADUATE  
Day or Night School Catalogue Free on Request. Visitors Welcome  
18 BOYLSTON STREET, COR. WASHINGTON STREET, BOSTON, MASS.

announced that an open meeting of iron moulders will be held on Friday evening of this week.

## Car Men

A meeting of Local 551, Street Railway Men, was held last evening in the Rutland building, of which a gist of routine business was transacted and a number of applications for membership were received. A committee from the labor forward committee was present to note the progress of the labor forward movement among the car barn men.

## Building Laborers

The Building Laborers' union, at their meeting last night in Trades and Labor hall, Middle street, elected John Kelly, past president of the organization, an aide to the chief marshal of the Labor day parade. It was also voted to turn out in uniform.

## Carpenters' Union

Carpenters' union, local 49, held its regular meeting in the union quarters in the Rutland building last night with a good attendance. Several applications for membership were received and notes and details for Labor day were completed. A large amount of routine business was also transacted.

## Boot and Shoe Workers

An open meeting of the Boot and Shoe Workers' union will be held this evening in Cotton Spinners' hall, Middle street, at 8 o'clock. Organizer Daniel E. Whelan will preside and Frank Warnock, president of the Trades and Labor council, and Charles E. Anderson, secretary of the same body, will be the principal speakers.

## ORPHANS GIVEN OUTING

ENJOYABLE EVENT FOR 160 CHILDREN OF THE FRENCH ORPHANAGE

The children from the French American orphanage on Pawtucket street had a very enjoyable outing had a very enjoyable time at the No. 12 grounds in Tewksbury, yesterday. It was their sixth annual outing under the direction of the Sewing circle of St. Joseph's parish.

There were 160 boys and girls who, with members of the circle and other friends, filled two big cars. From the cars Miss Ella Legare conveyed some of the smaller lots to the grounds in her large auto. Dinner was served on the green and the boys enjoyed a baseball game under the direction of Rev. Fr. McGann, O. M. I.

A feature of the afternoon's program was folk dancing by the little girls, much being furnished by Rev. Joseph Denis, O. M. I., who moved an expert on the harmonica. Games of all descriptions were played and were greatly enjoyed.

The members of the sewing circle in charge were: Mrs. Charles Boisvert, president; Mesdames Hornimidas Valierand, Alphonse Valierand, Joseph Chouinard, Avila Lusier, Emeril Pelletier, Thelvet Gagnon, Louise Legare, J. A. Robillard, Joseph Geoffroy, Magloire Grondin, George Berube, Oliva Deslites, Joseph Toupin, Joseph Ducharme, Edouard Chevalier and Miss Ella Legare.

Brothers Connellier, Tourangeau, O. M. I. and several others from the novitiates including Rev. Fr. McGann, O. M. I. and Rev. Fr. McCoy, O. M. I., greatly helped in making the children at home and in securing them the best of comfort and enjoyment possible.

## LARGE CREDIT IN U. S.

Palish Expects America to Extend Credit to Take Advantage of Trade Opportunity

LONDON, Aug. 18.—Sir George Palish, editor of the London Statist gave to The Associated Press yesterday, a statement concerning the present abnormal rate of exchange and the proposals for rectifying the situation by establishing a large credit in the United States in which he said that in the next six months or so Christmas the balance of exports over imports in favor of the United States after making allowance for all outgoings, for interest and service, probably will be at least one thousand million dollars.

"The amount of exports from the United States in the current half year," said Sir George, "depends upon the American people themselves. If they wish to sell their goods they will have no difficulty in doing so."

"Obviously it is quite impossible for Europe to buy upwards of two thousand million dollars worth of goods from the United States in a single year unless the American people are willing to do what the British people always have done—take payments for goods in securities. American exports will be limited in the current half year only by the ability of European and other nations to pay for goods, first, by shipment of their own products to the United States, second by shipment of gold, third, by sale of securities, and fourth by means of credits. If the American people are dubious about giving credit, then it is obvious the amount of goods they sell must be reduced to the amount foreign nations can pay for by other means."

Sir George expressed confidence that the American people are desirous of extending their foreign trade and wish to make the United States a great international money market, they will, when they know what is needed, gladly provide all credit facilities necessary to enable European and other nations to buy their wheat, corn, cotton, fruits and many other products of agriculture and manufacture, not only to a normal extent but the abnormal and great quantities essential at this time of the war.

"None," he said, "can question the present unparalleled opportunity for America to extend her trade and commerce, as well as to add to her reputation as a great money market and no one who knows the American people can doubt they will rise to the occasion and by granting necessary facilities sell a greater quantity of products than they ever expected to sell in foreign markets and at the same time rectify the foreign exchanges."

## REBUILDING OF BELGIUM

Assistant Architect of Cologne Has Been Chosen as Supervisor of the Work

BERLIN, Aug. 17, via London, Aug. 18, 2:15 a. m.—The assistant architect of the city of Cologne has been chosen as supervisor of the rebuilding of Belgium.

## AVIATOR KILLED BY FALL

ERIE, Penn., Aug. 18.—Donald Gregory, aged 24, of Ann Arbor, Mich., an aviator on board the U. S. naval military ship Essex, of Toledo, was fatally injured yesterday when he fell 300 feet during a flight.

Gregory was picked up by officers of the naval militia fleet, now maneuvering off this port, and hurried to a hospital where he died.

## FOUR FIREMEN INJURED

HURLED FROM LADDER DURING DRILL AT WINCHESTER—CAPT. AMBROSE SERIOUSLY INJURED

WINCHESTER, Aug. 18.—Four members of Hook and Ladder company 1 were injured, one of them seriously, when a 50-foot ladder, on which they were practicing at 7:45 last night against the walls of the Pierce school on Church street, collapsed, throwing them to the gravel walk of the school yard.

The injured, all of whom were taken to the Winchester hospital, are: Capt. Michael C. Ambrose, aged 37, married, of 22 Vine street, several ribs on right side broken and internal injuries feared.

Edward Fitzgerald, aged 37, married, 20 Winchester street, clerk of the company, left thumb crushed and left ankle sprained.

Albert Libby, aged 37, married, 11 Kendall street, a callan, broken left arm, cuts on head and arms.

Coleman Flaherty, aged 33, unmarried, 8 Oak street, sprained ankle and arm. Treated and sent home.

Capt. Ambrose was the most seriously injured of the four men. He fell more than 40 feet and landed heavily. He was unconscious when picked up. At the hospital there is some question as to whether the broken ribs have caused internal injuries, and it may take some time to determine the true extent of his injuries.

## LICENSE BOARD HEARING

CHARGE AGAINST JOHN T. DONEHUE & CO. BY MEMBERS OF THE BOARD—MINOR LICENSES

A regular meeting of the license commissioners was held last night in their quarters in the Market street building. Several minor licenses were acted upon and the case of John T. Donehue & Co., charged with selling intoxicating drinks to a man in an intoxicated condition was taken up.

John T. Donehue, a member of the firm testified for the firm, while Thomas P. Donehue, a member of the license commission, testified for the commission. The alleged sale took place on Friday morning, Aug. 13. A plea of not guilty was entered by Mr. Donehue.

Mr. Boulger testified that on the morning of Aug. 13 he entered the Donehue establishment at about 11:30 o'clock and saw a man standing at the bar in an apparently intoxicated condition. The man was hardly able to stand erect and at times seemed about to fall to the floor. The other members of the license board also entered the place shortly after Mr. Boulger and the attention of

Chairman Mullaney was called to the condition of the man. Mr. Mullaney then called Mr. Donehue's attention to the matter.

Mr. Donehue testifying in his own behalf said he was not aware of the man's condition until spoken to by Chairman Mullaney. He stated he then informed his clerk not to sell any more liquor to the man.

Mr. Donehue claimed he was preparing sandwiches for the non-day trade and had not noticed the customers at the bar. The board's verdict will be given at a later date.

The following minor licenses were granted: Common victualler, Vasilios Glavis, 497-499 Market street; Joseph LaJeunesse, 515 Lawrence street; Regina Dupre, 299 Bridge street. Driver's permit, Nicholas Petrakos for E. F. Brady & Co. To sell on the Lord's

day, James Lamprinos, 411 Adam street, Hawker and peddler, Sidney Bernstein, 108 Chelmsford street; Leonidas Bellies, 2 Fay's Court. Two common victualler licenses were cancelled.

CARD OF THANKS  
We take this means of expressing to our friends and relatives our deepest gratitude for the many acts of kindness to us in our hour of sorrow and for the beautiful floral tributes.

Signed,  
Mr. Isaac A. Crepeau,  
L. A. Crepeau,  
A. J. Crepeau,  
Albert A. Crepeau,  
Harry V. Crepeau,  
Mrs. John J. Russell.

## STRIKE AT PAWTUCKET

**MACHINISTS THREW DOWN THEIR TOOLS AND MARCHED OUT OF WORKS**

PAWTUCKET, R. I., Aug. 18.—At 5 o'clock this morning the committee appointed by the local branch of the International Machinists' union gave the signal to the employees of the Potter & Johnston Machine Co., and a large majority of them threw down their tools and marched out of the works. About two weeks ago the union men demanded a wage increase of 5 cents an hour, time and half for overtime and 48 hours a week. Vice President W. Wallace Potter said he could do nothing in the matter until the return of his father, James C. Potter, who is in France. The latter was expected home last week but has not been seen in Pawtucket. The committee gave the officials until this morning to grant their demands and when they failed to accede to them the strike was ordered. There are about 900 men employed at the plant. They are making automatic machines which are shipped to France, France, where they are used in making shells. Potter & Johnston say the machines they make are the same as they have made for years and the fact that

they are used for another purpose than originally designed is no concern of theirs. The deny having a contract with the French or any other government.

The men marched in a body to their headquarters where Organizer Joseph H. Gilmour stated that practically all of the machinists had joined in the strike and that they had been reinforced by about 20 painters who came out in sympathy. He said the national organization had not sanctioned the strike, but that it would probably do so and then the married men would strike 18 and the single men 48 a week for strike benefit. He intimated that it would be necessary for the Potter and Johnston plant to close.

Vice President Potter would not give any information regarding the intentions of the concern.

## ALLIED TROOPS GAIN

**ADVANCE OF 500 YARDS ON THE GALLIOLI PENINSULA IS ANNOUNCED**

LONDON, Aug. 18, 11.38 a. m.—A further advance of 500 yards by the allied troops on Gallipoli peninsula is announced in a report from Gen. Sir Ian Hamilton, the British expeditionary commander-in-chief, given out here today. The statement follows: "Sir Ian Hamilton reports that in the southern zone the situation was unchanged during the 14th and 15th. The Turks kept up the usual artillery fire without much effect.

"In the northern zone, the right flank of the Australian and New Zealand army corps position was heavily attacked during the night of the 14th-15th, but all attacks were repulsed. At Suvla the troops on the left flank made a short advance on the afternoon of the 15th with a view to straightening out the line. They moved forward under considerable gun and rifle fire and gained about 500 yards, capturing a Turkish trench and taking two officers and 20 prisoners."

**WAS PROMINENT MERCHANT**

PROVIDENCE, R. I., Aug. 18.—William Phillips Thompson, a former merchant in Chicago, died late yesterday at the Thompson homestead on South Main street, Warren, in his 73rd year. He had been ill for nearly three years.

Mr. Thompson was a great grandson of Rev. Charles Thompson, a Baptist clergyman and valedictorian of the first graduating class of Brown university.

If you want help at home or in your business, try The Sun "Want" column.

## ROBS HOTEL CASHIER

**CHELMSFORD MAN GRABS \$200 FROM BOSTON CLERK AND TAKES TO HIS HEELS**

BOSTON, Aug. 18.—Miss Edith Ratton, cashier in the main dining room of the Quincy house, was robbed of the receipts of the evening just as she had made up the cash shortly after midnight this morning by a man who had been seen loitering about the place for some time.

The box contained \$200.80. As soon as he had it in his hands he darted through the doorway and out through the lobby into Brattle square.

Miss Ratton gave a yell for help when the man grabbed the box that the money was in and porters and others about the lobby gave chase after the man.

He had gone but 100 yards before he was pounced upon and brought back to the hotel, where he was turned over to the police of the Court square station.

There he gave the name of Thomas Kenney, aged 30, of No. road, Chelmsford. He was locked up on the charge of robbery.

## 43,972 OFFICERS LOST

**GERMANY SUFFERS HEAVY CASUALTIES—13,803 OFFICERS INCLUDING 123 GENERALS KILLED**

PARIS, Aug. 18.—The Popolo d'Italia of Rome, according to the Havas News agency, prints the following dispatch from Basel, Switzerland: "Germany has lost 43,972 officers since the war began, according to figures from German official sources. The dead total 13,803; the wounded, 16,827; the missing, 2,349. While 923 are numbered as prisoners. Included in the total are 123 generals."

**PROGRESSIVES NOT Dwindling**

NEW YORK, Aug. 18.—George W. Perkins, chairman of the national executive committee of the progressive party, in an address last night before New York county progressives, declared that any progressive who should now leave his party for the republican party would do so "with his eyes wide open in the face of notice after notice from the republican managers, that they are going right ahead with their old original program and have not the slightest intention of modifying it."

Mr. Perkins said that the belief that the progressive party was dwindling in membership was, in his judgment, fallacious.

## To Put On Flesh And Increase Weight

**GOOD ADVICE FOR THIN PEOPLE**

"I do not really give any advice," said a man who is a few pounds and 25 years that way, "I declare many thin men and women. Such a result is usually not impossible despite past failures. Most thin people are victims of mal-nutrition, a condition which prevents the fatty elements of food from being taken up by the blood as they are when the power of nutrition is normal. Instead of getting into the blood much of the fat and flesh producing elements stay in the intestines until they pass from the body as waste.

"To correct this condition and to produce a healthy, normal amount of fat the flesh making food elements must be prepared in the digestive processes that the blood will accept and distribute them throughout the body. There is a preparation called Sargol, which works on this basis and which is sold by every druggist on a positive guarantee of weight increase or money back. Hundreds have testified to weight increase from its use. Sargol does not itself make fat but is simply a combination of ingredients of acknowledged merit that, taken with meals seems to better enable the digestive organs to separate the fattening elements of the food and to prepare them in a form which the blood can readily absorb. Sargol comes in tablet form, is pleasant and easy to take and its action is perfectly natural and harmless. Sargol is sold by leading druggists everywhere who are authorized to refund the full purchase price if weight increase is not obtained.

"NOTE—Sargol is recommended only as a flesh builder and while it has proved excellent results in cases of nervous indigestion and general stomach disorders care should be taken by those using it who do not want to increase weight."

## BOY FELL FROM BALLOON

**TANGLED IN GUY ROPE AS GREAT BALLOON LEFT GROUND FOR A NIGHT ASCENSION**

GLOUCESTER, Aug. 18.—Entangled in a guy rope of a great balloon just as it left the ground for a night ascension at the Gloucester midsummer carnival last night, John McNeil, a 15-year-old boy, was carried up to a height of 75 feet and fell to the ground, receiving probably fatal injuries.

Harold Cates, the aeronaut who started to make the ascension, realized as the balloon started upward that his own life was imperiled by the boy's predicament and managed to cut himself loose at a height of 40 feet and dropped to the ground.

Cates sustained a severe shaking up and minor injuries, but the boy, the son of Nell J. and Annie A. McNeil of 6 Acacia street, Gloucester, received grave internal injuries and four broken ribs.

He was rushed in an automobile to the Gloucester hospital, where it was said shortly after his arrival that he cannot live.

## WROTE CRANK LETTERS

**MAN HELD ON CHARGE—THREATS TO GOV. WALSH AND OTHER STATE OFFICIALS**

BOSTON, Aug. 18.—The arrest of Chas. L. Haurahan of Mansfield, last night as the man who had written threats to the democratic state committee, in one of which it is claimed there was threat "to visit Clinton and clean out Gov. Walsh's house," was connected by police officials with the investigation of recent letters threatening threats to blow up the state house and the state capitol building.

Haurahan called at the democratic headquarters yesterday, saying he intended to force the governor to assist in the candidacy of a relative for a postmastership. Later a series of letters, scrawled with skulls and crossbones, were received by Secretary Michael A. O'Leary, one of them addressed to Governor Walsh and when telephone threats were made, the police took up an active search which led to the arrest.

## SOLDIERS HARVEST CROPS

**French Troops Sent by Ministry of War to Gather Grain—Like Scenes of American Revolution**

PARIS, Aug. 4. (Correspondence)—The frequent American visitor traveling along the Paris-Genève state highway, passing near the forest of Fontainebleau at Barbizon, is, if he is familiar with his colonial history, reminded of Lexington and Concord.

He sees in the ripe grain fields on either side of the road old men, women and children trying to replace their fathers, husbands and brothers who are in the army, and along the dusty road squads of soldiers, shouldering pitch-forks and scythes, with sickles in their belts, who are turning the blue greatcoat with points buttoned back, similar to the soldiers in 1775, but their mission for the moment is peaceful.

They are a part of the new agricultural mobilization; reservists whose aid the ministry of war has accorded the farmers to aid in the harvest. They are sent to all farms in the town, who make application for their assistance through local communal authorities. In some instances the farmer agrees to give them food and lodging, but not pay.

Military discipline still prevails; the farmer transmits his wishes through the non-commissioned officers, who issues orders in precisely the same voice as at parade.

In the larger fields American harvesting machines may be seen drawn by slowly moving oxen; horses as well as masters are fighting.

## VILLA OFFICERS EXECUTED

NOGALES, Ariz., Aug. 18.—Discovery late yesterday of a bomb attached to a state car in a state car at the headquarters of Governor Jose Maytorena, Villa commander defending Nogales, Sonora, across the border, resulted in the execution of Captain Rojas of Maytorena's personal guard and two other officers of the Villa Garrison. The execution orders were issued by Governor Maytorena, it was said.

## BOSTON THIRD IN LIST NEW LINE TO PACIFIC

**WITH TOTAL OF \$260,000,000, HUB IS BEHIND NEW YORK AND NEW ORLEANS IN FOREIGN TRADE**

WASHINGTON, Aug. 18.—The 10 principal customs ports of the United States handled 53 per cent, or \$2,777,000,000 worth of the unprecedented American foreign trade in the fiscal year ending June 30 last, amounting to \$1,413,000,000.

Figures made public yesterday by the bureau of foreign and domestic commerce show that of the aggregate foreign trade 45 per cent, or \$2,125,000,000, passed through the port of New York, in 1914 45 per cent, or \$1,965,000,000 passed through that port.

The total foreign trade passing through the other nine ports in 1915, as compared with 1914, follows: New Orleans \$285,000,000, against \$283,000,000.

Boston \$260,000,000 against \$229,000,000.

Galveston \$240,000,000, against \$268,000,000.

Philadelphia \$154,000,000, against \$161,000,000.

San Francisco \$158,000,000 against \$130,000,000.

Baltimore \$157,000,000, against \$144,000,000.

Detroit, \$143,000,000, against \$125,000,000.

Seattle-Tacoma \$136,000,000, against \$110,000,000.

The grand total of foreign trade this year compares with \$1,359,000,000 in 1914.

## WRIT SERVED ON PAUL

**LAWRENCE ALDERMAN UP AGAINST IT—ON AGAIN, OFF AGAIN, GONE AGAIN, HANNAGAN**

LAWRENCE, Aug. 18.—Alderman Paul Hannagan, director of engineering, was yesterday served with a writ which has been sworn out by J. N. Gurdy and other prominent local men who seek an injunction to restrain the respondent from constructing Bay State road in the manner in which it is alleged, the work has been started. The writ, from the office of Attorney Cornelius A. Parker of Boston and is answerable at the supreme court in Boston, Friday morning at 9.30 o'clock.

The writ was served on the alderman yesterday by Deputy Sheriff J. Frank Knapp. The alderman was, at the time, in the city engineer's office.

The other petitioners named in the writ, besides Mr. Hannagan, included Alderman John S. Todd, James A. McCabe, W. L. Taylor, Alderman James W. Cadogan, Dr. Charles A. McCarthy, Leonard E. Bennick, Jake Naistadt and William J. Ward.

Bay State road, over which the controversy has arisen, runs from Water street, near the McLanathan Bell factory, southerly and past the Jersey Ice Cream factory of which Mr. Gurdy is president. A petition, circulated and signed by Gurdy and scores of other local men, was passed and signed by the city council last year and called for the construction of the road under certain specifications.

Alderman Hannagan, as director of engineering, has failed it is alleged, to fulfill the requirements, and Gurdy, through his counsel, several weeks ago filed a writ of mandamus to compel the alderman to build the road according to specifications. The writ was refused on the grounds that the road was then under construction on specifications, which, it was claimed, were substantially as good as specifications set forth in the petition.

City Solicitor Daniel J. Murphy is counsel for the respondent.

## MAY CONFISCATE BEER

**German Government to Take Step if Breweries Fail to Supply "Necessary" 20 Per Cent For Army**

BERLIN, Aug. 2. (Correspondence)—Confiscation of a part of the German beer production is a possibility though not probable step to be expected because of the abnormal state of affairs existing in Germany today. Confiscation will be resorted to by the government only in case the breweries fail to set aside a certain percentage of their normal production—20 per cent—for the use of the army.

## MUST BE A CITIZEN

**Sec. Daniels Says Only American Citizens Will Be Named For Advisory Board of Inventors**

WASHINGTON, Aug. 18.—Only American citizens will be appointed by Secretary Daniels to membership on the navy advisory board of inventors and scientists, which is being organized with Thomas A. Edison as chairman. Mr. Daniels said yesterday he had rejected one of the men named by scientific societies invited to nominate members of the new board, on the ground that he was not a citizen of the United States and had made no application for naturalization.

## UNEARTH HUMAN LEGS

BRIDGEPORT, Aug. 18.—Workmen excavating in the East End yesterday unearthed two human legs about three-quarters of a mile from Yellow Mill pond, near which several months ago the torso of a woman was dug up. The legs were wrapped in cloth similar to that found about the torso, and the police believe they belonged to it. The head is still missing and the identity of the body has never been determined.

## BOSTON OWNED AND

**BOSTON CONTROLLED CORPORATION PLANNED**

BOSTON, Aug. 18.—A new \$12,000,000 steamship line—Boston-owned and Boston-controlled—to run from this port to the principal ports of the Pacific coast by way of the Panama canal, may materialize within the month.

Timothy E. Byrnes, former vice-president of the New York, New Haven & Hartford railroad, is the man behind the project and is bending every effort to bring about its successful organization.

The establishment of such a line would be of inestimable value to Boston and New England manufacturers, and it is understood the plan has the moral support of the port directors and the Boston Chamber of Commerce.

## "DENIAL OF JUSTICE"

**STRONG PROTEST MAY BE DRAWN BY STATE DEPT. ON CONDEMNATION OF THE DACIA**

WASHINGTON, Aug. 18.—With the condemnation of the American cotton ship Dacia as a lawful prize by the French courts, the case of the captured ship enters the sphere of diplomacy, and unless an appeal is granted, a strong protest based on a "denial of justice" will probably be drawn up by the state department to be forwarded to the French foreign office.

The position of the government, it is understood, will be taken up on the broad principle of the right of the United States to acquire by legitimate purchase vessels from any source whatever.

## TRIED TO BRIBE LABOR

**PRES. GOMPERS CONFIRMS REPORT OF EFFORTS OF FOREIGN INFLUENCES TO STIR UP TROUBLE**

WASHINGTON, Aug. 18.—Samuel Gompers, President of the American Federation of Labor, confirmed in sweeping language yesterday the published reports of far reaching efforts by foreign influences to stir up labor troubles in this country that would impede the shipment of supplies to the allies. In the statement Mr. Gompers did not mention Germany or Austria by name, but the inference was plain that only those powers, and perhaps Turkey, would be interested in preventing the export of arms by the United States.

Mr. Gompers lays stress on the efforts of the agents of foreign governments to bribe labor men and in other ways procure strikes of longshoremen and seamen to prevent the departure of supplies for European ports. An inquiry directed into the efforts corruptly to induce labor men to call strikes among the longshoremen and seamen, said Mr. Gompers, would prove fruitless. At intervals during several months, he said, he could scarcely avoid, persons who wanted to call upon him to force strikes for the purpose of affecting the European situation.

Some comment was occasioned by Mr. Gompers' direct reference to efforts to influence strikes affecting shipping and his failure to mention similar efforts among workers in munitions factories. In a statement issued July 22, Mr. Gompers said he had authentic information as to the efforts of corrupt longshoremen and seamen, adding that he did not doubt that the same influences were at work "elsewhere."

## TO GIVE EMPLOYEES BONUS

**SPRINGFIELD, Aug. 17.—Notices were posted in the factory of Smith & Wesson, manufacturers of revolvers, today, announcing that beginning Sept. 1 the workers will be given for one year a bonus amounting to 5 per cent of their wages and payable quarterly.**

## LAWSON WINS STAY

**MAY GET A NEW TRIAL—JUDGE HILLIER BARRED FROM PRESIDING AT OTHER MINERS' TRIALS**

DEVER, Colo., Aug. 18.—The fight of the United Mine Workers of America to obtain a new trial for John R. Lawson, member of the International executive committee to the miners' union, who was convicted on a charge of murder growing out of strikes riots at Ludlow, resulted in a partial victory yesterday when the state supreme court granted a writ of superseades, preliminary to a review of the Lawson case on its merits.

The mine workers won a second victory when the supreme court barred Judge Grady Hillier, who sentenced Lawson, from presiding at future trials growing out of trials riots.

The superseades writ stays the execution of the sentence of life imprisonment, pronounced on the labor leader by Judge Hillier last May. The court deferred settlement of the question of admitting him to bail and Lawson still is in jail at Trinidad.

## RESINOL STOPS ITCHING INSTANTLY

It is a positive fact that the moment Resinol Ointment touches any itching skin, the itching usually stops and healing begins. With the aid of Resinol Soap, it quickly clears away all trace of eczema, ringworm, pimples, blackheads, or similar tormenting, unsightly eruptions, leaving the skin clear and healthy.

And the best of it is you need never hesitate to use Resinol Soap and Resinol Ointment. There is nothing in them to injure the tenderest surface. Resinol is a doctor's prescription which for twenty years has been used by careful physicians for all kinds of skin affections. They prescribe Resinol freely, confident that its soothing, healing action is brought about by medication so bland and gentle as to be suited to the most delicate or irritated skin—even of a tiny baby. Every druggist sells Resinol Soap and Resinol Ointment. Samples free. Dept. 75-R, Resinol, Baltimore, Md.

# AUTOMOBILE NEWS

## AUTO TOURING AT HEIGHT

HUNDREDS PASS THROUGH LOWELL DAILY—WHAT THE AUTO MEN ARE DOING

The automobile touring season is now at its height and the number of out-of-town cars that pass through the city every day is very large. The large business is also manifested by the great activity of the garages.

Among the cars which visit Lowell on their tours are representatives from nearly every state in the Union. A great many, however, are from the east, tourists going from New York city through the Adirondacks, across Lake Champlain, through the Green Mountains of Vermont and thence through Maine and the New England coast.

Many local auto owners are now enjoying tours.

**Lowell Motor Mart**  
This week the Lowell Motor Mart in Merrimack street, agency for Ford motor cars, is making a special offering of Hassler's shock absorbers. These shock absorbers take both the shock and the rebound and have brought great satisfaction to those who have equipped their cars with them. These may be inspected at the Motor Mart, where the mechanical experts make a specialty of applying them.

**Auburn Motor Sales Co.**  
The Auburn Motor Sales Co. of this city, whose office is in the Bradley building, announce a reduction in the prices of the Auburn seven-passenger, six cylinder touring car. The price has been cut from \$1550 to \$1400. The car has a 130 inch wheel base, 45 horse power Continental motor, top and other complete equipment. Those interested can see the car and enjoy a demonstration by calling 4788-W or 4755-W for an appointment.

**George F. White's Trip**

Mr. George F. White, local agent for the Reo and Oakland motor cars and for the well known, G. M. C. auto truck, recently returned from a trip to the factories where the three above mentioned vehicles are manufactured. The Reo factory is in Lansing, Mich., and the Oakland and G. M. C. factories are in Pontiac, Mich. Mr. White, in conversation with the writer yesterday, gave an interesting account of his trip.

In his inspection of the three factories he was most enjoyable. In the Reo plant, he stated, they are now working on the new 1916 cars. There are a few changes in this make. The four cylinder cars will be practically the same as last year with improvements in the starting safety device. There will be modifications of the fenders and hoods. The six cylinder car will have a wheel base of 126 inches and will be of the seven passenger size.

At the Oakland factory, Mr. White found no less activity and officials stated that they are rushed with orders and a similar condition was evident at the G. M. C. truck factory. Mr. White spoke in words of the highest praise for the up-to-date methods and wonderful efficiency of the factory and the care which the workmen in every department manifest in perfecting the cars in every detail.

Mr. White drove to Lowell from Michigan in an Oakland, "Little Six." This is the second time Mr. White has driven an Oakland over that distance and each time without a mishap. Members of the party were delighted with the trip and the fine performance of the car. The last 210 miles from Albany to this city, including the trip through the Berkshires and their very difficult grades, were made on high gear without a single shift. The Oakland easily topped every grade encountered on the trip. The average

## AUTOMOBILE QUESTION BOX

EDITED BY GEORGE H. ROBERTSON

NOTE—In these columns every Wednesday Mr. George H. Robertson, America's foremost automobile authority, will give expert advice to motorists on how to repair and operate their machines. Automobile readers of THE SUN are invited to send in questions or problems they may wish to have answered. Such questions will receive attention in due time. Address all communications to: Automobile Editor, Sun, Lowell, Mass. Communications must bear the signature and address of the sender, though not for publication but as a guarantee of good faith.

Sufficient warning, by means of the bulb or electric horn, should always be given before attempting to pass another vehicle. The car speed should always be slackened up in passing a pedestrian or a horse drawn conveyance and sufficient warning given in order to prevent confusion. If a horse appears frightened it is only common courtesy for the motorist to pull up to the side of the road and throttle the engine down low in order to prevent noise and avoid frightening the animal.

If a sufficient warning signal is heard signifying the car behind wants to pass, one should go as far to the right as possible in order to provide the maximum space at the left for the overtaking vehicle.

George H. Robertson.

What is a practical way of timing valves and ignition on a touring car? Give approximately the valve timing of a fast racing car? M. B.  
It is considered good practice to close the exhaust valve on top centre and to open the inlet valve about one-eighth of an inch on the piston stroke before top centre. This allows the burnt gas to be well cleaned out, both valves being open for a short period. On racing cars the inlet and exhaust valves are very blunt, giving a quick opening and closing. The setting of these valves will depend upon the engine size as to the overlap of the valves.

Will you please tell me the best way to inspect a second hand car to find defects and how to proceed? I intend buying a car that has been used about 3,000 miles, but the owner declares it to be in good condition. F. V.  
Would advise you to secure the services of a first-class mechanic to go over the car with him for an examination of this sort than to take a chance of judging a car yourself.

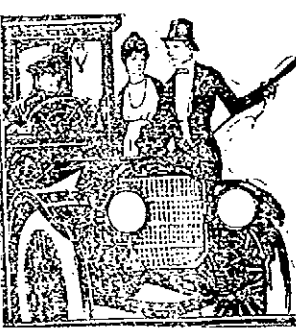

I have a Pullman, 1912, five-passenger car. In shifting my gears into second there is an awful grinding before they mesh, although the car may be running but slowly. The hub and brake drum on one rear wheel gets very hot after running a short time. Have jacked up and tested brakes, which I found O. K. Can you tell me what is wrong? A. S.  
You will find that the clutch is dragging. This should be cleaned out and notice taken that the shaft does not slip when the pedal is thrown out. These brakes probably tighten up when there is a load in the car.

I have a car which runs all right at moderate speed, but when I go fast it misses and backfires, acting the same way when I try to take a hill. I have looked for a short circuit, but found none. Sometimes, not very often, I go to a grade all right, but then only when I leave the spark in a certain position. J. A.  
The backfiring is due no doubt to a lean mixture at high speeds. Sometimes, however, the magneto may be set improperly, so that when it is advanced the first of the mixture takes place at the wrong time, causing a backfire.

Can you tell me how many bearings there are in the crankshaft? Kindly explain on all types of motors. W. M.  
The crankshaft on one, two and some four-cylinder motors have but two

number of miles per gallon of gasoline was 22.

**Red Arrow Motor Supply**  
Mr. A. G. Bourke of the Red Arrow Motor Supply at 548 Moody street, a live new motor supply establishment, continues to report increasing business, chiefly in the repair department. The repair work of this company has pleased every motorist. Supplies and accessories of every description are kept in stock. The constant rush and never ending activity of the men is evidence of the large patronage which Mr. Bourke is receiving. Mr. Bourke has found a large demand for the Safety First steering device for Ford cars.

## AUTO SERVICE THAT GIVES Satisfaction

With up-to-date methods, expert workmen, we have shown motorists what is REAL service. We have never failed to give prompt attention and satisfaction has always resulted. That is the reason for our success.

## Bring Your Repair Work to Us

long before he enters the auto sales room. Patrons do not have to worry about the cars made by old established companies. Stability must be their keynote or they wouldn't be in business now, with so many new companies branching out.

## SAYLOR BEATS BALDWIN

AND HAS NO TROUBLE DOING IT IN ANY OF 12 ROUNDS FOUGHT AT ATLAS A. A.

BOSTON, Aug. 17.—It looks like Matty Baldwin has fought his last big fight, after his bout with Young Saylor at the Atlas A. A. last night, when Baldwin lost after 12 hard rounds. Not since the night he was buffeted from one end of the ring to the other by Ad. Volgaast has the Charlestown prize received such a licking.

Grit, pure and simple, enabled Saylor to last out the 12 rounds, for no boxer exhibition was ever seen in a local ring. Many made a few points, one of which came in the fifth round, when he clipped Saylor on the chin with a left hook and nearly toppled the lanky wheat belt lightweight. But at all other times Baldwin was out-pointed and eluded as hard as he has ever been hit in his life.

## MALONEY TO WRENN

LOCAL SWIMMER WANTS TO MEET CHAMPION IN A RACE FOR PURSE

Timothy Maloney, the local boy who has twice succeeded in covering the treacherous waters between Charlestown bridge and Boston light, and who finished second to Michael Wrenn in the Pitts' Trophy race held Saturday is out with a challenge to swim Wrenn any distance over 3 miles for a purse of from \$50 to \$300. Maloney was a caller at The Sun office yesterday and stated that he was ready for the contest at any time that suited Wrenn, and that he was ready to post his money at a moment's notice.

The challenge is a result of the race held Saturday in which Maloney swam neck and neck with Wrenn until the last quarter mile of the 3 mile Merrimack river course had been covered, when Wrenn sprang ahead from him. Maloney claims that he was in no condition for the race, and that he is confident he can beat Wrenn if given another chance.

## DIAMOND SPRINGS KICK

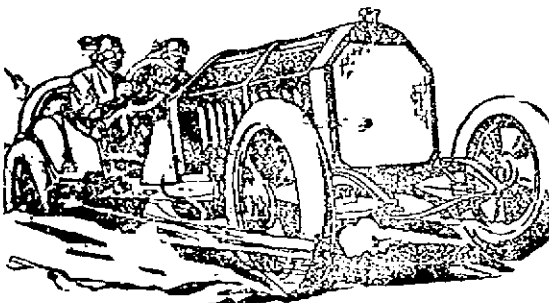

CLAIM THEY DIDN'T GET A SQUARE DEAL IN SOUTH-END GAME ON SATURDAY

The manager of the Diamond Spring baseball team which played the South Ends on Saturday sends the following Sporting Editor Lowell Sun,

Dear Sir:—The Diamond Spring club of Lawrence journeyed to Lowell on Saturday and played the South End club in their third game of the season. The South Ends took the first game early in the season, 5 to 3, 10 innings. The Diamond Springs took the second, 3 to 1, and the third game the Lowell team claim 4 to 3. We refuse to admit that they won, say the score was a tie, 3-3, called in the ninth inning. A decision made in the eighth inning, causing the trouble, and nearly causing a riot, was in clear defiance of all fairness. After tagging a runner who was coming home to score the fourth run, getting him out by six feet and blocking him off the plate by three feet, the umpire called him safe. All fair-minded fans who saw the play will agree that it was an unjust decision and some think it was done with malice aforethought.

We are willing to play the South Ends to settle that tie game anywhere they wish, except on the South common where some fans like to get close to the visiting players, insult them and throw small pebbles at them while they are in the field. Any team could win games with a crowd of rooters throwing things at their opponents.

The Diamond Spring team claim the championship of Lawrence and of the Merrimack valley and any team

Your Motor OIL IS AT Coburn's

An attache of the Chalmers Co., who is an authority on lubrication, says: "Lubrication is really the most important item in keeping a car in good running order. First Class Cars to Let by the Day or Week.

When it falls of execution—Lawrence Swayne and Mauden have been particularly good at squeezing—on the diamond.

To prevent the recurrence of pop little attacks on umpires at the local National league ball park, President Schuyler B. Erwin of the St. Louis club announced that henceforth no soda water will be sold in the bleachers. For the umpire's sake here's hoping they don't substitute Scotch ale or spruce beer which comes in stone bottles.

A Boston despatch says: Leading the Massachusetts Police League by a safe margin the Boston Police baseball team is already making preparations to battle the winning team of the New York City Police league for the world's police championship.

The series will be staged in New York early in the fall.

Boston thus far has lost but one game and that to Lowell last Tuesday.

But that game has been protested by Boston to the secretary of the police league because of some alleged irregularities in the work of Umpire Condon.

Umpire Condon had one of those snubler-Greenidge fingers that refuse to bend and hence when he stood with one finger pointing straight at the ground and the other wiggling around, the Boston sleuths thought they had uncovered a deep-laid plot to tip the batons on their signals.

# J. F. SAUNDERS MEMORIAL

## Shrine Dedicated to Sacred Heart at Notre Dame Grounds in Tyngsboro—The Exercises

One year ago yesterday, John F. Saunders, probably one of the cleverest business men in the country and a native of Lowell, passed away very suddenly, his death shocking the entire community, and yesterday the beautiful grove erected by his widow, Mrs. Alice F. Saunders, at the grounds of the Notre Dame sisters in Tyngsboro, was dedicated in the presence of more than 200 persons, including former pupils of the Notre Dame academy, relatives and friends of the deceased.

The dedicatory exercises consisted of singing of hymns by the sisters, members of the Notre Dame community, accompanied by four violins played by a Notre Dame sister and Misses Madeline Sullivan, Blanche Walsh and Eleanor McAdoo, with the blessing of the grove and benediction of the blessed sacrament given by Rev. Timothy P. Callahan of St. Patrick's church. Special permission was given Mrs. Alice F. Saunders for the open air service by His Eminence, Cardinal O'Connor.

As early as 2 o'clock the relatives and friends of the deceased began to arrive, some by trolley and others by auto and by the time scheduled for the opening of the exercises, at 3 o'clock, there was quite a large gathering. The sisters of the community were active in welcoming the arrivals and showing them around the attractive grounds. Shortly before 3 o'clock the crowd assembled around the beautiful grove, which is situated in the midst of hundreds of stately pines on the side of a hill sloping down to Upton pond. The exercises opened with the community rendering the hymns, "He is Pleading" and "Heart of My Jesus." The scene was one long to be remembered, with the sisters of the community in their usual habits and the relatives and friends of the deceased kneeling in front of the grove on whose altar, rows of tapering birches, amid an array of beautiful flowers and plants. After the singing of the hymns Rev. Fr. Callahan delivered a very touching sermon speaking in part as follows:

"It is fitting and proper my friends that you should gather here today to attend the dedication of the shrine erected to the Sacred Heart in memory of a man whose name was so high in the community. The dedication of the shrine to the Sacred Heart is also most fitting, as promoting this beautiful devotion. The Catholic church honors the Sacred Heart because it is the heart of God. Some men deny that Christ was divine, that he was God, but the loyal Catholic believes in his love and devotion to the Sacred Heart."

"Just as there were angels in heaven who refused to serve when ordered by God to bow down to the son and were cast into hell forever, and likewise many who did obey and were glorified, so too, there are men in the world today who take the Sacred Heart for their motto and others who forsake it. The man to whom I am alluding is the man who has been mentioned in the Sacred Heart in memory of a man whose name was so high in the community. The dedication of the shrine to the Sacred Heart is also most fitting, as promoting this beautiful devotion. The Catholic church honors the Sacred Heart because it is the heart of God. Some men deny that Christ was divine, that he was God, but the loyal Catholic believes in his love and devotion to the Sacred Heart."

Benediction of the blessed sacrament followed the sermon. James O'Sullivan, son of the well known shoe merchant, serving as acolyte. During the service the four violinists played the "O Salutaris" and "Ave Maria." At the conclusion of the service the nuns rendered "Laudate Dominum" and then "Holy God" was sung by all present. The singing of the latter hymn closed the dedicatory exercises.

The majority of the guests present were from Lowell, but there were a few from out-of-town, among whom can be mentioned Mr. Maurice Mahoney and daughter of Lawrence; Miss Rose Landon of South Groveland; Miss Marie O'Donoghue of New York and Miss Noelle Bonner of South Lawrence. Among the local people present were: Mrs. Alice F. Saunders, Chief Edward F. Saunders of the fire department, Patrick O'Hearn, Matthew Mahoney, M. D., Miss Statia Downing, Miss Marjory Marren, Miss Helen Groves, Miss Almina Groves, Miss Louise McSorley, Miss Anna McSorley, Mrs. Thomas Lawler, Miss Winifred Haggerty, Miss Barbara Martin, Miss Anna Lawler, Miss Ford, Miss Madeline Sullivan and many others.

The shrine is the work of the well-known contractor and builder, Mr. Patrick O'Hearn of Lowell. It rests on the triangular plot guarding the entrance of one of the pine groves, a lovely and appropriate spot and one seemingly marked out by nature itself for such a hallowed purpose. It is built after the Cuban design of groves, save that instead of the characteristic grassy mound cover herring the light, there is an opening through which the radiance glinting through the trees falls upon the beautiful life-sized figure of the Montmartre Sacred Heart.

The shrine, the first of its kind in this section is a fitting memorial of a devoted husband and father and a worthy testimony of the loyalty and enduring affection of his faithful wife.

### SUN BREVITIES

Best printing: Tobin's, Asso. Bldg.

Goodale's delicious, healthful Dandelion, for sale at all soda fountains.

The Lawrence Newsboys' Protective association held their annual outing at Canobie Lake park yesterday.

Joseph Stone, Patrick Murphy and James Briggs, three young men residing at Merrimack, Mass., passed through this city and stopped to visit friends yesterday afternoon on their way to their home after a bicycle trip to the White Mountains.

### MATRIMONIAL

James McDowell and Miss Mary E. Roach were married Monday morning at St. Patrick's rectory; the ceremony being performed by Rev. James J. Kerrigan. The best man was Bernard Roach, while the bridesmaid was Miss Katherine Delehamy. At the close of the ceremony a reception was held at the home of the bride, 240 Adams street and in the evening the happy couple left on an extended honeymoon trip to New York and other points of interest in New England. They will make their home at 240 Adams street.

### FIRE ON HOWARD STREET

A slight fire in a closet in a tenement occupied by a Cohen family at 115 Howard street was responsible for a telephone alarm at 11:30 o'clock today. Engine 2 and the Protective company responded and quickly extinguished the blaze. It is not known what caused the fire. There was no damage.

### CITY HALL NEWS

Continued

The sales as advertised for Tuesday will be for four per cent. "water protection bonds," four per cent. "school-house bonds," four per cent. "sewer bonds," and four per cent. "sidewalk bonds." Both principal and interest on all of the issues will be payable at the First National bank of Boston.

In accordance with the sale of city bonds the banks demand a debt statement. The statement issued in connection with the bonds in question is up to Aug. 10. The statement:

Population 1910, 106,294.  
Assessed valuation 1912... \$4,797,348.00  
Assessed valuation 1913... \$7,277,643.37  
Assessed valuation 1914... \$9,559,551.00

\$201,625,643.27

Less abatements to Nov. 1, 1914..... 1,181,640.55

Average valuation for years 1912, 1913, 1914..... \$8,814,687.47

Total bonded debt (including these issues)..... 4,244,691.20

Deduct:

City hall bonds..... \$60,000.00

High school bonds..... 150,000.00

School house bonds..... 200,000.00

Water bonds issued 1910..... 1,000,000.00

Water bonds issued 1911..... 415,300.00

(Including \$14,500 water protection bonds now offered)

Trust fund bonds..... 10,000.00

Total debt outside debt limit..... \$2,285,900.00

Net debt debt..... \$1,958,791.20

\*Sinking funds applicable to water debt..... \$14,985.29

Sinking funds applicable to other debts outside debt limit..... 533,733.06

### Change in Tax Books

A new system of bookkeeping has been inaugurated in the assessors' office, a change from the ward to the alphabetical system. William J. Leonard, clerk and secretary in the assessors' department, has been conducting the change for four or five years, but it was not until yesterday that he was a little bit afraid of it. He finally decided to tackle it and while it meant a great deal of extra work, and very fussy work, too, the worst is over and the system is now practically in working order. The system includes the property and poll tax assessments. The complexity of the arrangement is what appears to one of the old system you called to find out about John Jones it would first be necessary to ascertain in what ward and precinct John hung his hat, but now you go looking for John, the clerk being in the position of looking for the J book, not necessarily meaning that Jones is a J, but he's registered in that book and anybody can find him. The alphabetical scheme is used in most of the larger cities and will undoubtedly grow in popularity as it becomes better known. It's a grand, good scheme.

The clerks in the assessors' office are busy these days on the extension of taxes in connection with the preparation of the treasurer's books, as the taxes on valuation will eventually be written into the treasurer's sheets.

### Breaks in Pump and Main

A break in the Holly pump at the boulevard and the main leading from the high pressure service leading from the reservoir on Monday caused housekeepers and others more or less annoyance in Revere on Monday, but the breaks were mended quickly and while they were not welcomed, the water department they served to demonstrate the great usefulness and advantage of a double main.

The new pumps have not yet been set up in connection with the filtration plant that is fast nearing completion. Commissioner Carmichael stated today that the new pumps would be installed as soon as possible and he expects to have the new filtration plant in operation by the latter part of September.

### Made 6137 Inspections

Chief Saunders of the fire department called on Commissioner Carmichael this morning, and paused to remark that the fire department had been making inspections of stores and other buildings as is done in New York and other points of interest in New England. "Up to the first of the present month," said Mr. Saunders, "the fire department made 6137 inspections and hundreds of letters were sent out to owners of buildings, advising them to make certain changes and to remove fire cellars, back porches, yards and fire escapes, certain inflammable materials, including bedding, excelsior, wood, etc. Most of the big places in the city have installed a sprinkler system and there are other places that ought to install them. The United States Cartridge company is putting in an up-to-date portable fire alarm system and most of the big stores are well protected so far as the sprinkler system is concerned. There are places, however, that are minus this protection and we have advised a number of owners to install the sprinkler system."

### New Fire Apparatus

The fire chief also talked fire apparatus with Commissioner Carmichael, who, by the way, is acting mayor in the absence of Mayor Murphy, who left Lowell today for Kennebunk beach, Me., where he will spend his vacation. Mr. Saunders showed the acting mayor a picture of the Dayton Tite-Car chemical a motorcycle affair used. Mr. Saunders says, to splendid advantage in a number of cities. The motorcycle has a tank with a capacity of 25 gallons and is of great service in case of brush, chimney or other small fires. Mr. Saunders thinks it would be ideal for the Westford street fire house. It costs \$1000.

### Alderman From Cambridge

Alderman Desmond of Cambridge was a visitor at city hall today. He came to Lowell for the purpose of getting some insight into the system employed in the charity department which the alderman had heard was ideal.

### Band Concert Sunday

The American band, it was announced at city hall today, will give a concert in Mt. Vernon park, on travel-heights, on Sunday afternoon, at 2.30 o'clock.

### LYNCHING OF FRANK

Continued

desirable light. I am going to endeavor to set you right. People throughout the United States have obtained their ideas of the Frank case from a poisoned and subsidized press and press reports.

"Common decency prevents me from telling you the revolting truths of the murder of Mary Phagan. I wish you all knew the truths and know them. I know them, for I have been with this case ever since it started and I have read every line of evidence that was introduced. I know that this is not a member of the jury that tried Leo M. Frank who would change his decision if put to the test again.

"Georgia is the leading state of the south. Its people cannot be classed with tramps, hoodlums, bandits and law-breakers, but things had come to a point where every avenue of the law had been exhausted and the judgments of the courts set aside by one man, and the people felt that it was up to them to take the law into their hands."

"While we people of Georgia," continued Mayor Wainward, "deplore the deed of Monday night, we know what is behind the feeling that prompted it, and I want it understood that it is simply emphasizing the fact that when it comes to a woman's honor there is no limit we will not go to and protect."

"There were only two people implicated in this case," Mary Phagan said. "I know the negro did not commit the deed and am positive that 75 per cent of the people of Georgia are convinced that the man lynched Monday night committed the deed and they are on the ground and ought to know."

"As mayor of Atlanta, I have received tons and tons of letters, petitions and requests asking that something be done for Frank, and they have gone into the waste basket, for all Georgia people who are in a position to get at the truth, I knew the facts."

"I know Jack Slaton, have known him for many years, ever since he was a young man. I have been friends with him, and while I hate to say it, I would not advise him to return to Georgia for a year—if ever."

### INVESTIGATION ORDERED

ATLANTA, Ga., Aug. 18.—All the local machinery available to Gov. Harris will be put into motion to apprehend the men who lynched Leo M. Frank at Marietta yesterday. Governor Harris so announced today when he came here from Fitzgerald, Ga., where he was attending a state Confederate Veterans' reunion.

"This affair is shocking and I am going to have it investigated to the very limit of my power," said Governor Harris. "It has not made up my mind exactly what will be done immediately. It is believed much will depend upon the findings of the Cobb county coroner's jury which adjourned to meet Tuesday after having a short session yesterday. The governor had not decided when he reached his office whether or not he would be offered for apprehension of members of the lynching party."

E. L. Rainey, a member of the state prison commission, arrived here today from Mariettaville. With other members of the commission he was at the prison farm when Frank was taken away. Late R. E. Davidson, chairman of the commission, has the opinion that nothing would be gained by an investigation of the events at the penitentiary. Mr. Davidson left Mariettaville early today, for Atlanta.

Many in Marietta believe that plans similar to those which were successful Monday night were frustrated a month ago.

### BODY BEING RUSHED NORTH

CHARLOTTE, N. C., Aug. 18.—The body of Leo M. Frank passed through here at 10 o'clock this morning on route to Brooklyn, N. Y. Little interest was attached to the trip through Georgia and only a small crowd of curious gathered at the train here. Mrs. Frank was composed and bearing up well.

### PHOTOS OF HANGING BODY

ATLANTA, Ga., Aug. 18.—Men and boys did a traveling business yesterday selling pictures of the hanging of Leo M. Frank as it swung from a tree near Marietta.

### SUMMARY OF FRANK CASE

April 26, 1912—Mary Phagan murdered.

April 29—Frank arrested.

May 1—Conley arrested.

July 25—Conley indicted for murder.

Aug. 22-26—Frank on trial; convicted of murder.

Oct. 3—Motion for new trial denied.

Feb. 17, 1914—Supreme court of Georgia denies a new trial.

Feb. 21—Conley convicted as accessory to the murder.

March 7—Frank sentenced a second time.

May 6—Second motion for new trial denied.

Nov. 14—Georgia supreme court denies new trial, asked on constitutional grounds.

Dec. 5—United States supreme court denies writ of error.

Dec. 28—Justice Lamar gives hearing on writ of error.

Feb. 28, 1915—United States supreme court hears Louis Marshall in Frank's behalf.

April 15—United States supreme court refuses writ of error.

May 10—Frank sentenced to death third time.

June 9—State prison board refuses to interfere.

June 21—Gov. Slaton commuted the sentence of Frank, who was removed to a prison camp.

July 17—Frank attacked and nearly killed by fellow convict.

Aug. 17—Taken from prison by mob and lynched.

Miss Alicia E. Reilly of 916 Central street is the guest of Mr. and Mrs. Patrick McEvoy of Somerville. Before returning to Lowell, Miss Reilly will make an extended tour of the beaches.

Mr. and Mrs. E. W. Richardson of the Highlands are the guests of Mr. and Mrs. Harry Chase in Lebanon, N. H. They intend to make up a party of four and go by auto to the White Mountains.

### FUNERALS

PATENAIDE.—The funeral of Omer Patenaide took place yesterday morning from the home of the parents, 113 Lilley avenue. High mass of requiem at 9 o'clock in St. Louis church at 9 o'clock by Rev. J. B. LaChance. The bearers were Omer, Henri and Louis Patenaide, Alfred Plourde, Alphonse Laiole and Arthur Monty. Burial was in St. Joseph's cemetery under the direction of Undertakers Amedee Archambault & Son.

APREGOTTIS.—The funeral of Lazarus Apregotis took place yesterday afternoon from the rooms of Undertaker Albert in Aiken street. Services were conducted in the Holy Trinity church. Burial was in St. Patrick's cemetery.

ROPER.—The funeral of Mrs. Ann Roper was held from her home, 13 Warren street, yesterday afternoon. Rev. W. W. Matthews, pastor of the First Baptist church, conducted the services. The bearers were George W. and William A. Roper, William and David E. McCracken. Prayers were read at the grave by Rev. W. W. Matthews. Burial was in St. Joseph's cemetery in charge of Undertaker John A. Weinbeck.

MITHAN.—The funeral of Josiah M. Mithan was held from his home, 11 Canal street, yesterday afternoon. The services were conducted by Rev. Herbert E. Benton, pastor of the Grace Universalist church. The bearers were Messrs. Thomas Jordan, Daniel W. Parker, John H. Barker, and Celess Willey. Burial was in the family grave in the Lowell cemetery. The funeral arrangements were in charge of Undertaker George W. Healey.

POULIOT.—The funeral of Edward Pouliot was held yesterday afternoon from his home, 25 Dana street. The services were conducted by Rev. Edward Ramette, pastor of the French Baptist church, assisted by Rev. J. Paradis. The bearers were Samuel Pouliot, Henri Pouliot, Adolphe Pouliot and William Ohlson. The floral offerings included: 1500. Inscribed "Husband," wife; pillow inscribed "Father," children; cross on base, employees of Lawrence Mfg. Co.; and tributes from Mr. and Mrs. Blinette and family, Mr. and Mrs. J. LaChance and family, Mr. and Mrs. Norman, the Leith family, Mr. and Mrs. John Crab, Mr. and Mrs. L. Hardy and son, Roger, Mr. and Mrs. L. Fuller, Mr. and Mrs. J. G. Tucker, Mr. and Mrs. Ralph Leith, Mrs. F. Rivet and brothers and sisters. Appropriate selections were sung by Mr. Albert Mertrud and Mrs. Minnie Barthelemy. Burial was in Westland cemetery, where prayers were read by Rev. Mr. Ramette. The funeral arrangements were in charge of Undertaker John A. Weinbeck.

LEWIS.—The funeral services of Mrs. Hattie A. Lewis were held at her home, 52 Sixth street, yesterday. The services were conducted by Rev. J. F. Carver, pastor of the Central Methodist church of Malden. Mrs. A. C. Spaulding and Mrs. E. Symonds sang appropriate selections. The body was taken to Saco, Maine, for burial in the family lot in Laurel Hill cemetery. The funeral was under the direction of Undertakers Young and Blake.

MURTAGH.—The funeral of James

# GREAT BASEBALL PARK

## Braves' Field Dedicated Today—Pennant Won in the World Series Unfurled

BOSTON, Aug. 18.—Braves' field, the greatest baseball park in the country, will be opened this afternoon as the new home grounds of the Boston club of the National league. Prior to the game with St. Louis, the pennant won by the Braves in the world series with the Philadelphia Athletics last year will be unfurled. It will mark the dedication of the grounds, President Gaffney said today, to the 1914 team whose sensational transition from tail-enders to world leaders within three months caused the club to outgrow at bound the little band-box park at Walpole street which had comfortably been its home for 40 years.

### Concrete Stadium

A concrete stadium of vast reach sweeping in a great circle almost to foul line to foul line, with tier after tier of seats rising in gradual ascent from the playing surface 15 feet below street level, the grandstand will accommodate 15,000 persons. Pavilions in right field and in left contain seats for 5500 persons each and in right field is a stand for the "bleachers" of holding 5250. All the stands are of concrete and the plant is walled about with the same material.

### Seats for 43,250

The opening ceremonies will have as witnesses President John K. Tener and all the club owners of the National league, Gov. Walsh and the mayors of the chief cities of the state and a host of fans which will closely approach 40,000. It does not break, all previous records for attendance at a baseball game. All indications this forenoon were that the 43,250 seats in Braves' field would be largely taken.

The new grounds, which are situated on Commonwealth avenue in the Allston district, contain at the same time the most numerous seating arrangements ever installed in a baseball park and the most extensive playing field that ever staged a baseball game. Emergency stands will accommodate 20,000 more if needed and provision

### Walpole St. Diamond Transplanted

Within this modern baseball tract is a little link connecting the Braves with their less pretentious home of the past. The diamond is the same as the splintered stars of other days. Its old place at the Walpole street grounds, its sod still firm and thriving after being transplanted to the new field.

### Island. The accident occurred Saturday afternoon and the injured man rushed to St. Vincent's hospital, where an examination disclosed the fact that his neck was broken. He was given every possible medical assistance, but gradually grew worse and died on Sunday evening. The body was brought to Lowell yesterday and removed to the city morgue, where it will be held until the funeral, which will be held at 4 o'clock on Thursday at St. Patrick's cemetery, where Rev. Fr. Lynch, the burial was in St. Patrick's cemetery where Rev. Fr. Lynch read the burial service. The bearers were Messrs. Thomas McDonough, James Collins, Frank Reilly, James Coughlin, James Laird and James Ritley. Among the floral tributes were a large pillow inscribed "Husband" from his wife, a pillow inscribed "Mother and Brother" from the family and tributes from Miss Katherine Carroll and Joseph Duffy, Miss Theresa Reilly and Mrs. Samuel Grimshaw. The funeral was in charge of Undertaker Charles H. Molloy.
